For Release on November 24, 2025

### **Wheels2U Provides Thanksgiving Stress Relief**

Will your kids be coming home from New York for the holiday on Wednesday? Are you having company coming from New York for a second Thanksgiving dinner on Friday? As you're busy preparing the turkey, all the sides, and getting the house ready for the feast let Wheels2U make your life a little easier and a little less stressful. Skip the extra trips

to the station--Wheels2U can bring your company right to your house when they arrive and back again when it's time for them to return home.

Peter Gold, Director of the Westport Transit District says "Using Wheels2U makes it easy for kids and company to get to and from the train. All they have to do is download the Wheels2U app and book a ride as the train approaches the station. All you have to do is relax."

Karina Bertfarhad, Director of the Westport Transit District, says "Using Wheels2U lets you remove the 'station run' from your to-do list. You can focus on timing the turkey and spending time with family and friends."

Wheels2U goes between the Saugatuck and Greens Farms train stations and anywhere in Westport from 5:30 am to 10:30 am and from 4 pm to 9:30 pm on Wednesday and Friday (there's no service on Thanksgiving day).

Learn more about how Wheels2U can simplify your Thanksgiving; just click [HERE](#) for details and links to the app.
