Wheels2U Delivers a Holiday Gift to Westport – Free Rides All Week!

This holiday season, the Westport Transit District is spreading cheer with a special gift to the community: **free Wheels2U rides from December 26 through December 31!**

Wheels2U is Westport's on-demand, shared shuttle service that takes you **door-to-train platform** at the Saugatuck and Greens Farms stations. Whether you're heading into NYC for holiday fun or coming to Westport to shop, dine, or visit loved ones, Wheels2U makes getting around easy, safe, and now—**free**.

"We're thrilled to offer this holiday gift to our riders," said **Peter Gold**, Co-Director of the Westport Transit District. "Whether you're commuting, catching a Broadway matinee, visiting family, or enjoying Westport's shops and restaurants, Wheels2U is here to make your trip smoother and more festive. No parking hassles, no cold walk from your car to the platform, no scraping ice off your windshield when you return—just hop on and go! Try it for free and see how easy it is!"

Special Holiday Bonus for Students!
Westport Transit Co-Director **Karina Betfarhad** adds: "Middle schoolers and high school underclassmen can use Wheels2U to meet friends safely and independently—whether it's breakfast or coffee in Saugatuck, pizza or shopping in the afternoon, or a study session at the Westport Library—we're making it even easier to get together with friends to socialize or prep for upcoming midterms."
