

VOLIVOLI - FIJI

MAY 28 - JUNE 6, 2026

On the most northerly tip of Fiji's largest island, Viti Levu, lies a headland where, nestled amongst lush rainforest, thundering waterfalls, history-filled caves, sugarcane fields, abundant agriculture, thriving mangroves, and some of the earth's healthiest coral reefs, you'll find Volivoli Beach Resort. Bask in the sunshine around the oceanfront swimming pool surrounded by flourishing gardens, lounge in a hammock by the beach watching the sun rise and set, dine on inspired local cuisine in the two restaurants, enjoy a cocktail at one of the three bars, regenerate in a restorative spa, or explore a colorful underwater world on a diving adventure with Ra Divers, a world-class dive shop (with arguably the most modern set up in the South Pacific) on daily trips to Bligh Water, where there's some of the healthiest, thriving soft coral diving in the world. Spread out over many acres on its own peninsula, each room is found along garden paths that wind through brightly colored hibiscus, fragrant frangipani and flowering bird of Paradise with a breathtaking ocean view.

Trip price includes 5 days boat dives (3 days - 2 tanks & 2 days - 3 tanks) and unlimited shore diving on the house reefs, Nitrox, 3 meals daily, Beach BBQ, Sunset Cruise and beach evening with traditional Meke performance and Fijian Lovo night, Wi-Fi, transfers to and from the airport in Nadi, and 7 nights of Deluxe Ocean View room accommodations at the Volivoli Beach Resort.
