

27. MOBILE PHONE AND ELECTRONIC DEVICE USE

KEY POINTS

- Staff mobile phones must be kept in the school office during their working hours
- Photographs can only be taken with the school iPads and cameras
- School iPads and cameras are strictly prohibited in the toilet or nappy changing areas.

This policy refers to all electronic devices able to take pictures, record videos, send or receive calls and messages. This includes cameras, mobile telephones, tablets and any recording devices including smartwatches. More and more devices are technically, capable of connecting us to the outside world. We will adapt the policy to include all devices we deem necessary to safeguard children.

Mobile phones and other devices that accept calls, messages and video calling

At l'Ecole du Parc, we promote the safety and welfare of all children in our care. We believe our staff should be completely attentive during their hours of working to ensure all children receive good quality care and education. To ensure the safety and well-being of children we do not allow staff to use personal mobile phones, smartwatches and/or Fitbits during working hours.

We use mobile phones only to provide a means of contact in certain circumstances, such as outings. This policy should be used in conjunction with our online safety and acceptable IT use policies, to ensure children are kept safe when using the school devices online.

Staff must adhere to the following:

- Mobile phones/smartwatches/Fitbits are either turned off or on silent and not accessed during your working hours
- Mobile phones/smartwatches/Fitbits can only be used on a designated break and then this must be away from the children
- Mobile phones/smartwatches/Fitbits should be stored safely at the office at all times during the hours of your working day
- The use of school devices, such as tablets, must only be used for school purposes
- The school devices will not have any social media or messaging apps on them
- Any apps downloaded onto nursery devices must be done only by management. This will ensure only age and content appropriate apps are accessible to staff, or children using them
- Passwords/passcodes for nursery devices must not be shared or written down
- Only nursery owned devices will be used to take photographs or film videos
- Nursery devices will not be taken home with staff and will remain secure at the setting when not in use.
- In case of a personal emergency, all personal calls should be directed through the school's main telephone line: 0207 993 6460 (Garfield Road) / 0203 774 0081 (Stormont Road)

Parents' use of mobile phones and smartwatches

Parents are kindly asked to refrain from using their mobile telephones whilst in the school or when collecting or dropping off their children. We will ask any parents using their phone inside the school premises to finish the call or take the call outside. We do this to ensure all children are safeguarded and the time for dropping off and picking up is a quality handover opportunity where we can share details about your child

64 Garfield Road

stormont@ecoleduparc.co.uk

Parents are requested not to allow their child to wear or bring in devices that may take photographs or record videos or voices. This includes smart watches with these capabilities, such as Vtech. This ensures all children are safeguarded and also protects their property as it may get damaged or misplaced at the nursery.

Visitors' use of mobile phones and smartwatches

Visitors are not permitted to use their mobile phones or smart watches whilst at nursery and are asked to leave them in the office for the duration of their visit.

Photographs and videos

At l'Ecole du Parc, we recognise that photographs and video recordings play a part in the life of the nursery. We ensure that any photographs or recordings (including CCTV) taken of children in our nursery are only done with prior written permission from each child's parent and only share photos with parents in a secure manner. We will obtain this permission when each child is registered and update it on a regular basis to ensure that this permission is still valid.

We ask for individual permissions for photographs and video recordings for a range of purposes including: use in the child's learning journey (Tapestry); for display purposes; for promotion materials including our nursery website, brochure and the local press. We ensure that parents understand that where their child is also on another child's photograph, but not as the primary person, that may be used in another child's learning journey. Photographs and videos will not be taken in areas where intimate care routines are carried out.

If a parent is not happy about one or more of these uses, we will respect their wishes and find alternative ways of recording their child's play or learning.

Staff are not permitted to take any photographs or recordings of a child on their own information storage devices e.g. cameras, mobiles, tablets or smartwatches and may only use those provided by the nursery. The nursery manager will monitor all photographs and recordings to ensure that the parents' wishes are met and children are safeguarded. Photographs or videos recorded on nursery mobile devices will be transferred to the correct storage device to ensure no images are left on these mobile devices.

Parents, and children, are not permitted to use any recording device or camera (including those on mobile phones or smartwatches) on the nursery premises without the prior consent of the manager.

During special events, e.g. Christmas or leaving parties, staff may produce group photographs to distribute to parents on request. In this case we will gain individual permission for each child before the event. This will ensure all photographs taken are in line with parental choice. We ask that photos of events such as Christmas parties are not posted on any social media websites/areas without permission from parents of all the children included in the picture.

At l'Ecole du Parc, we use tablets in the rooms to take photos of the children and record these directly on to their electronic learning journeys on Tapestry. We ensure that these devices are used for this purpose only and do not install applications such as social media or messaging sites on to these devices.
