Petition for Strict Eligibility Policies for Girls' and Women's Sports

More than 9000 Signatures, including more than 500 Olympians, Paralympians, Deaflympians, and Professional Athletes: Stop Discriminating Against Female Athletes. Prohibit Males from Competing in Female Sports Categories.

We have signed this petition as members of the sports community to urge legislators, sport leaders, athletic governing bodies, schools, and judges to adopt strict evidence-based eligibility criteria for the female category.

We seek a definition of sex grounded in an individual's reproductive biology and genetics at birth. For girls and women to have equal opportunities in sport, they need their own team. These human biological characteristics require formal sex-segregation.

We support inclusion for all, but in the appropriate sport category. Males identifying as transgender, non-binary, gender-fluid, or any other identity are encouraged to compete in the male category. These athletes are encouraged to follow the lead of females, who overwhelmingly compete in their sex category, the women's category, regardless of their gender identity. We support efforts to make boys' and men's sports more welcoming for gender non-conforming male athletes.

Furthermore, we urge you to secure women's exclusive use of female spaces, such as locker rooms and bathrooms, for the same reasons these spaces were created, for female safety & dignity.

Generations have fought to establish girls' and women's rightful place in sport. Any eligibility framework that fails to prioritize girls' and women's rights will inevitably result in female exclusion.

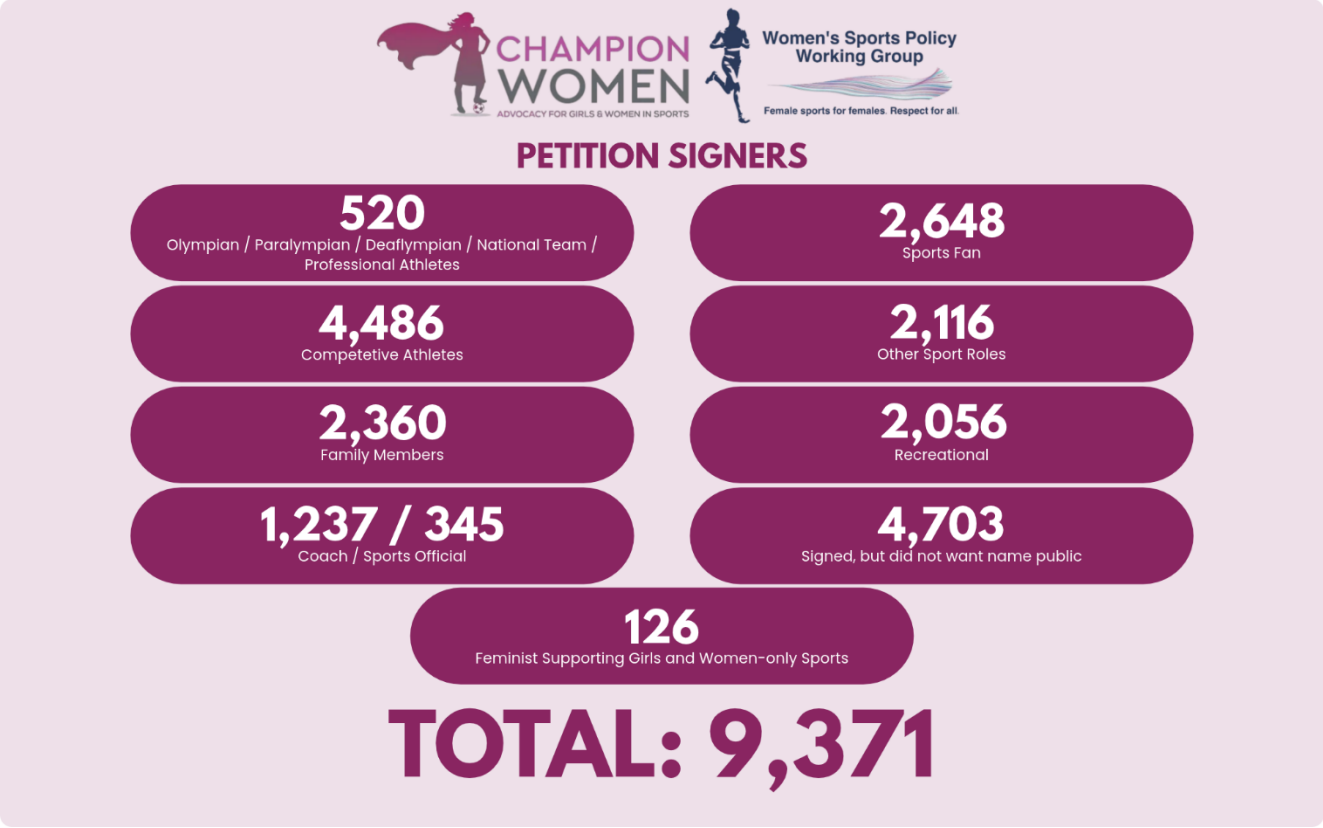

9371 PEOPLE, INCLUDING 520 OLYMPIANS AND PARALYMPIANS, PETITION THE WHITE HOUSE, CONGRESS, AND SPORT GOVERNING ORGANIZATIONS TO PRIORITIZE COMPETITIVE FAIRNESS AND SAFETY FOR WOMEN

In 2020, ***Champion Women*** and the ***Women's Sports Policy Working Group*** released the signatures of over 5500 athletes, parents, coaches and sports officials and others, including over 400 Olympians and Paralympians, who signed onto two petitions: The Women's Sports Policy Working Group positions and model legislation and the Champion Women petition in the fall of 2022.

The petition was originally sent to the swimming community, but it quickly spread throughout sport. Thousands of athletes, coaches, administrators and families have broken their silence to call upon legislatures and sports governance organizations to prioritize fairness and safety for females when developing eligibility rules for girls' and women's sports.

Now, 9371 people have signed the petition, including 520 Olympians and Paralympians, 1237 Coaches, from over 25 sports and 10 countries. Over 2400 signers are parents or family members of a competing athlete, and 400 are sports officials. The signatures are well-balanced between men and women, and several transgender athletes have also signed.

The facts, science, and biology have now prevailed, and the United States Olympic & Paralympic Committee, U.S. National Governing Bodies, collegiate, and high school sports require strict eligibility criteria for girls' and women's sports. These sports organizations have all recognized that biological females cannot overcome males' immutable athletic advantages with more talent or training, better coaching, facilities, or nutrition. Only strict eligibility standards can guarantee fair competition for girls' and women's sports.

#Note that many people signing the petitions fulfilled more than one role.

Susan Krause, Recreational, Parent/Family Member of Swimmer, Masters, Thank you for considering ways to keep ALL people fully able to participate in sport and exercise. Also thank you for recognizing female sports on all levels deserve fairness. I attended a private school with an excellent PE program and I have known all my life there is an advantages for males in sort all along. As an occasional winning runner at age 60, this is a cause I fully support. Bravo.

Carol Luzzi, Competitive Club, Parent / Family Member of Swimmer, Sports Fan, My daughter has been swimming competitively since she was 8 years old. She is now a varsity swimmer on her university team. I believe in protecting the rights and records of female swimmers. We segregate sport categories by biological sex because science and experience bears out a need to do so in order to support fair outcomes for women in sport. We must continue to do so to protect fairness in sport for both my daughter and all of her biologically female colleagues in swimming

Kenneth Browning, Official
Jim Butler, Coach - Girls basketball coach for 20 years; founder, Matrix Basketball; The women's sports category exists because in virtually every sport and virtually every event at every comparable level of competition, male athletes outperform female athletes because they've gone through male puberty. Women's sports needs to be for female athletes only. Not only is this consistent with Title IX as enacted, but it's the only way for female athletes to have the opportunities they deserve to shine. No males in Women's sports.

Angela Homberg, Parent / Family Member of Swimmer, Even though I did not swim competitively, I played several sports and we need to keep women competing against women. We have worked so hard for equal competition. Female runners are dealing with the same issues. Please help not only swimming stay fair for the girls and women that work so hard, but for all female athletes who love to compete against their true competitors, other biological females.
Sara Homberg, Recreational, Parent / Family Member of Swimmer, Sports Fan, Used to swim competitively

Natalia Bialecka, College, Competitive High School, Competitive Club, Coach, Parent / Family Member of Swimmer, Sports FanJoshua Bieszad, College, Recreational
Paula Bill, Competitive High School, Recreational, Sports Fan , How would men react, if women were in the men's NBA? How would men react, if women were in the NBA or the NFL The US soccer team argued than women weren't as good, to get out of paying women equally. The cheek to allow men into women's sports, after all these years denying women the ability to play. Men want us back in the kitchen or worse, fight this insanity.
Stephanie Bisca, Competitive High School, Competitive Club, Recreational, Coach

Dede Scalf, College Varsity Competition; Women fought hard for title 9 and to have our own sports for a damn good reason. Scientifically speaking, men cannot change their sex. They will always be, biologically speaking, male. Even with hormones and blockers, they will still have significant physical advantage. Not to mention, height, strength, lung capacity, bone density, and a myriad of other differences from women and no amount of hormones, drugs or surgery can remove those advantages. This is not shocking news. This is common sense but apparently, fairness, dignity and rights for women are so low on people's priorities list, allowing biological males into their sports is acceptable. It is not! It is wrong ethically, legally and a liability to women's health. Save women's sports before it's too late.
