About Us

Since 1992, Lord Berkeley Conservation Trust has permanently protected more than 50,000 acres of South Carolina’s rivers, farms, forests, historic sites, and working lands. As growth continues to reshape the region, your support as a sponsor helps protect these landscapes and the wildlife, history, and communities that depend on them for generations to come.

Our Mission

To preserve our community's sense of place by protecting its natural, cultural, and open space resources in perpetuity.

Our Vision

We envision our State as a place where growth and conservation work together. South Carolina's economy is important, but growth shouldn't come at the expense of our land. That's why we work hard to build a place where kids can fish in rivers and tidal creeks. Where families still farm the land of prior generations. And where the story of American liberty is preserved in the places where it was fought for.

Why Conservation is More Important Now Than Ever

Every acre protected starts with people who choose to act. As a sponsor, you help our team move quickly, secure vulnerable places, and create a lasting impact across our state’s farms, forests, waterways, and historic landscapes.

Sponsorship Benefits

Supporting Sponsor

- Journal, website & event recognition
- Invitations to Lord Berkeley events
- 2 Woods & Waters tickets
- 1 Clays for Conservation entry
- 2 Member Event & Battlefields Tour tickets

\$2,500

Title Sponsor

- All Supporting Sponsor benefits, plus...
- Priority logo placement
- 4 Woods & Waters tickets
- 2 Clays for Conservation entries
- 4 Member Event & Battlefields Tour tickets

\$5,000

Presenting Sponsor

- All Title Sponsor benefits, plus...
- Premier logo placement & event recognition
- 8 Woods & Waters tickets
- 4 Clays for Conservation entries
- 8 Member Event & 6 Battlefields Tour tickets

\$10,000

Sponsor Events

Woods & Waters

Our signature annual event brings supporters together for an evening of bluegrass, BBQ, oysters, and conservation impact on an iconic protected property. This year’s event will be held at historic Blessing Plantation on the Cooper River, soon to become Berkeley County’s newest public park.

Clays for Conservation

A Friday sporting clays event designed for businesses, teams, and community partners to connect with our organization in a fun, relaxed setting. Teams of four enjoy a full 15-station course, coffee and pastries, lunch and refreshments, raffle opportunities, and awards for top teams.

Donor Appreciation & Special Tours

Exclusive donor and supporter experiences that offer a closer look at the lands, history, and natural places connected to our work. These may include historic battlefield tours, nature-based outings, protected property visits, and a chance to experience the impact of conservation firsthand.

A Closer Look

Fort Fair Lawn

We secured \$2 million to permanently protect Fort Fair Lawn and 80 surrounding acres, preserving one of South Carolina's most intact Revolutionary War fortifications. Now part of Old Santee Canal Park, the site offers history, education, recreation, and public access.

Durant Farm

Permanently protected 121 acres near Hemingway through a conservation easement, preserving a four-generation family farm and its rural legacy.

Wadboo Creek

Protected 3,143 acres surrounding Wadboo Creek, preserving a historic waterway, public Blueways Trail access, diverse habitats, and a Revolutionary War battle site.

Mulberry Plantation

Our first conservation easement, Mulberry Plantation protects 900 acres of iconic Lowcountry landscape, preserving historic resources, scenic riverfront, and generations of outdoor heritage.

Oakland Club Property

Helped protect 11,164 acres surrounding Francis Marion's burial grounds, preserving native pineland, historic plantation lands, and critical wildlife habitat along the Santee River.
