ELIGIBILITY

All participants must be USA Swimming registered athletes. Entries will not be accepted without current registration numbers. Entries listed as "registration applied for" will not be accepted. There will be NO on-deck USA Registration available at this meet. The swimmer's age on the first day of the meet will determine his or her age for the entire meet. **Any swimmer entered in the meet must be certified by a USA Swimming member-coach as being proficient in performing a racing start or must start each race from within the water without the use of the backstroke ledge. When unaccompanied by a member-coach, it is the responsibility of the swimmer or the swimmer's legal guardian to ensure compliance with this requirement.** No coaches will be allowed on the pool deck without providing current USA Swimming Registration credentials.

SWIMMERS WITH DISABILITIES

Swimmers with disabilities are welcome and must complete the Information Form for Disabled Swimmers and return it with entries. The coach is responsible for contacting the Meet Referee with specific requests by the entry deadline, so if it is within the host team's ability, the host has time to make provisions for the athlete's accommodation request.

MEET ENTRY CRITERIA

Excel Aquatics has sole discretion to determine which entries to accept. In exercising this discretion, Excel Aquatics will consider strength of entry and level of competition, balance of age groups and gender in entries, and number of officials provided by team. Teams will be notified of their acceptance into the meet the day after the deadline closes. Each team entry file is their official request for invitation into the meet but does not guarantee acceptance.

RULES & SAFETY

All USA Swimming and SES safety rules will be strictly enforced. As a sanctioned competitive event, USA Swimming athlete members must be under the supervision of an USA Swimming member coach during warm-up, competition, and warm-down. The Meet Director shall assist the athlete in making arrangements for such supervision. Insurance regulations require that all swimmers, coaches, stroke & turn judges, starters, administrative officials and referees be a current member of USA Swimming, Inc. It is each club's responsibility to register their swimmers, coaches, and officials. Swimmers, coaches, officials and administrative officials who are not current members of USA Swimming, Inc. may not participate in the meet nor be on the pool deck. Only meet workers, coaches, officials, and swimmers will be allowed on the pool deck. Workers and officials will only be allowed on deck during the session that they are assigned to work. Coaches must be able to access their current USA Swimming coaching credential at all times. The Meet Director reserves the right to ask for coaching credentials and/or deny deck access if the coach does not comply or the credentials are no longer valid/current. No glass containers or bottles are allowed inside the facility at any time. No running or horseplay will be tolerated. **MEDICAL SUPERVISION:** For the safety of all athletes, coaches, officials, and spectators at the meet, the following medical supervision may be available throughout the competition: Lifeguards will always be present and act as first responders. An AED device is available and located in the main lobby. In the event of a serious injury or medical emergency, EMTs will be called.

SAFE SPORT

All Adults participating in or associated with this meet acknowledge that they are subject to the provisions of the USA Swimming Minor Athlete Abuse Prevention Policy (MAAPP), and that they understand that compliance with MAAPP is a condition of participation in the conduct of this competition. The Southeastern Swimming Safety Program is in effect for this meet. Coaches are advised to closely supervise their swimmers at all times. Swimmers may be dropped off only in designated safe areas. Swimmers are not permitted in work out rooms, storage rooms, meeting rooms or control rooms. Access to the main locker rooms is restricted to swimmers only. Anyone failing to comply with a safety request may forfeit his or her privilege to participate. Deck changes are prohibited. Except where venue facilities require otherwise, changing into or out of swimsuits other than in locker rooms or other designated areas is not appropriate and is prohibited. Operation of a drone, or any other flying apparatus, is prohibited over the venue (pool, athlete/coach area, spectator areas and open-ceiling locker rooms) any time athletes, coaches, officials and/or spectators are present. Athletes are not allowed to use the ISC hallway restrooms. These restrooms are for the ISC patrons, staff, spectators, coaches, officials and volunteers. Athletes should use the locker room restrooms.

 1. Coaches shall instruct swimmers regarding swimming safety guidelines and warm-up procedures as they apply to conduct at meets and practices.
 2. Coaches shall actively supervise their swimmers throughout the warm-up session at meets and at all practices.
 3. Coaches should stand near the starting end the pool when starting swimmers on swim or pace work.
2. Host team responsibilities
 1. Marshaling
 - A. A minimum of two (2) marshals, who report to and receive instructions from the Meet Director, shall be on deck during the entire warm-up session.
 - B. Whenever a sprint lane is opened an additional marshal must be assigned to that lane's starting block.
 - C. Marshals shall have the authority to remove from the deck for the remainder of the warm-up session any swimmer or coach who is in violation of safety guidelines or warm-up procedures.
 2. Warm-up times and lane assignments shall be published in the meet information and posted at several locations around the pool area. The following statement shall appear in the meet information: "Southeastern Swimming Meet Safety Guidelines and Warm- up Procedures will be in effect at this meet."
 3. Hazards in locker rooms, on the deck, or in areas used by coaches, swimmers, spectators, or officials shall be removed or clearly marked.
 4. All starting platforms shall be anchored to the deck or bulkhead to remain stable at all times in accordance with USA Swimming Rules.
 5. All music played during warm-up times shall be kept at a level that will allow coaches and marshals to communicate with the athletes. The volume of the music may be turned up after the pool is cleared, and before the start of the meet to raise the excitement level for the competition.

C. Swimmers shall swim in a circular pattern during general warm-up.

1. Practice starts from the blocks are only permitted in designated sprint lanes under the direct supervision of the coach.
2. Backstroke swimmers shall insure that they are not starting at the same time as a swimmer on the blocks. Swimmers shall not step up on the blocks if there is a backstroke swimmer waiting to start.
3. Warm-up Procedures when teams are assigned to specific lanes
 - a. Participating teams shall be assigned to specific lanes for the warm-up period based on the number of participants.
 - b. The coaches of the teams assigned to each lane shall determine the warm-up procedure for that lane. Procedures must adhere to USA Swimming safety rules.

- c. Except during supervised racing starts, swimmers must enter the pool feet first in a cautious manner.
- d. Warm-ups may be segregated by gender, by age group or any mixture of the two in order to keep the number of swimmers warming up as equal as possible.
- e. The host club may choose to divide the teams into different warm-up sessions in order to have an entire team's athlete's warmup together. In this case, teams should be assigned to "early" and "late" warm-up sessions on different days so that no team has an advantage over another.
