

Environmental Policy Statement

JBD Tritec recognises that the disciplines of quality, health and safety and environmental management are an integral part of its management function. The Organisation views these as a primary responsibility and to be the key to good business in adopting appropriate standards.

JBD Tritec Ltd carries out many varied activities for a wide range of customers and is conscious of the environmental impact of these activities whether at our factory or on client worksites.

In recognition of the responsibilities of environmental stewardship this places on us, we will adopt a number of measures.

Using a risk based approach, We will:

- Conform to ISO 14001:2015 and comply with all applicable legal, regulatory, Codes of Practice and other requirements.
- Operate within the requirements of environmental legislation and will cooperate fully with all relevant authorities and interested parties to ensure compliance.
- Communicate its environmental objectives and its performance against these objectives throughout the Organisation and to interested parties.
- Take due care to ensure that activities are safe for employees, associates and subcontractors and others who come into contact with our work.
- Advise and guide customers on their needs in relation to environmental awareness and offer to carry out tasks on their behalf in full compliance with environmental legislation.
- Recognise of the importance of our staff, ensuring that environmental risks are correctly managed and monitored. We are committed to ensuring that they are, and remain, fully trained and informed in the requirements of our Environmental Management System.
- Adopt a forward-looking view on future business decisions which may have quality impacts.
- Implement, communicate, monitor and review this policy as part of our Environmental Management System.
