Business Type (mark all that apply):

- ☐ Office ☐ Multi-family (5 units or more) ☐ Food Service ☐ Grocery Store ☐ Hotel/Hospitality
☐ Church ☐ Industrial/Warehouse ☐ Medical ☐ Auto Service ☐ Gas Station/Convenience Store
☐ Retail Store ☐ Other (please specify): _____

Senate Bill (SB) 1383 requires organic waste generators to source separate and recycle their organic waste; however, the law allows for case-by-case exemptions if generators meet any of the criteria below. Organic waste defined by the State (CalRecycle) as food waste, green waste, landscape and pruning waste, nonhazardous wood waste, and food-soiled paper waste. If you believe you qualify for an exemption, please submit this form and indicate the reason for your exemption clearly. Note that all claims are subject to verification by County or County's designee through site visits or other means.

☐ **De Minimis Waiver**

Please mark one or more justification below:

- ☐ Generate more than ($\geq$) 2 cubic yards of waste (trash, recycling, and organic combined) and < 20 gallons of organics (i.e., 2 cubic yards is at least 12 large or 24 regular trash bags).
- ☐ Generate less than ($<$) 2 cubic yards of waste (trash, recycling, and organic combined) and < 10 gallons of organics.

Please provide any additional description and documentation as applicable:

☐ **Physical Space Waiver**

Please mark a justification below:

- ☐ I am providing documentation, or the County has evidence from its staff, a hauler, licensed architect, or licensed engineer demonstrating that my commercial business or property lacks adequate space for any of the organic waste container configurations allowed under CCR Sections 18984.1(a) or 18984.2.

Please provide any additional description and documentation as applicable:

☐ **Self-Haul Waiver**

Self-hauler waivers are permitted for those businesses that meet the requirements listed below.

Requirements:

- Self-haulers are only permitted to self-haul their own organic waste generated on their premises.
- Self-haulers must provide and utilize their own containers for solid waste collection and disposal. Containers must be maintained in good condition and have a watertight seal.
- Organics waste must be delivered to a permitted organic waste receiving facility, such as the North Fork Transfer Station or the Fairmead Landfill.
- Self-haulers must haul all organic waste at least once a week from their premises.
- Self-haulers shall keep records of the amount of organic waste delivered to each permitted facility.
 - o The records shall be subject to inspection by the County.
 - o The record of delivery receipts and weight tickets from the entity accepting the waste.
 - o The record shall indicate the amount of material in cubic yards or tons transported by the generator to each entity; however, if the material is transported to a facility that does not have scales on-site, or employs scales incapable of weighing the self-hauler's vehicle in a manner that allows it to determine the weight of waste received, the self-hauler is not required to record the weight of material but shall keep a record of the entities that received the organic waste.
 - o Self-haulers may utilize CalRecycle's Recordkeeping Tool for Self-Haulers (<https://www2.calrecycle.ca.gov/Docs/Web/119874>) to meet the recordkeeping requirements.
- Self-haulers must submit their records by mail or email to the Madera County Public Works Department every three months at the address listed below.

Acknowledgement

I certify under the laws of the State of California that the information provided on this form is true and correct to the best of my knowledge. I understand this information may be verified by an on-site visit or other investigation and is up for review at least once every five (5) years for De Minimis Waivers or Physical Space Waivers, and every one (1) year for Self-Haul Waivers.
