### Bulletin Blurb for the 20th Sunday in Ordinary Time

Praised be Jesus Christ!

The more we watch the news, the more we see that the world is full of violence, poverty, hunger, and acts so heinous, that it makes our stomach turn. The easy solution would be to simply turn off the news, which we should all do from time to time! Many people will remark that the world seems to be getting worse than they remember from their youth, and while there may be some truth to that, I believe that we have far more access to these sorts of stories from around the world than just a few decades prior.

That fact of the matter is that we live in a fallen world. Adam and Eve sinned, and the world now bears the consequences...we now bear the consequences. The kind of fire that Jesus speaks about in the Gospel today has a twofold effect, as all fire does. It has the power to destroy but it also has the power to form, shape, and strengthen. Fires burn down people's homes and forests but fire also turns ordinary metals into tools that we need to cultivate the earth, to build, and to maintain our homes.

Jesus says that He has come to "set the earth on fire, and how I wish it were already blazing!". The choice of whether or not that fire consumes or cultivates and creates is entirely up to those who are receiving Jesus' message of repentance and forgiveness. It is our duty to ensure that each and every person that we meet is exposed to the heat of those flames of Divine Love.

In Christ & Mary,  
Father Silva
