ACADEMY ONLINE

## STUDENT MANUAL

Thank you for your interest in Temple Worship Academy Online. Our goal is to develop worshipers and musicians with a passion and a heart to use their talents to glorify God. We hope to see so many of you on the platform leading your congregation in worship to the one true God.

### WELCOME

Welcome to Temple Worship Academy Online. As you embark on your musical journey, it will be filled with new friends, beautiful music and memories you will cherish for a lifetime. Psalm 150 speaks of how God desires worship and praise through everything, including instruments. Our mission is to “equip the saints for ministry” (Eph 4:12). As you start learning to play your instrument, our heart’s desire is not just to teach you that instrument, but to help you become a vessel that worships God through your playing.

## **STUDENT GUIDELINES**

Temple Worship Academy Online strives to support all students, regardless of age or level, to succeed in accomplishing their goals. It is essential to prepare for lessons appropriately and follow the guidance of your instructor.

Here are some preparation tips to get the most out of your online lessons and practices:

- Be sure to have your music, instruments and other recommended educational tools during your lessons.
- Ensure that your electronic device is fully charged before starting your lesson.
- Choose a quiet space to do your lesson. Choose a place in your house that is free of distractions where you can best hear your instrument. Minimize background noises, which would include the presence of other family members.
- Take notes during your lessons to retain valuable information.
- Pause the lesson and take time as you go through each lesson. The goal is not to hurry through a lesson, but to learn as you go.
- If you have questions between lessons, email the instructor.
- Practice consistently to ensure progress (at least 5 days a week).
- Follow your instructor's practice guidelines between lessons.
- Set up an adequate practice space at your home that is free from distractions.
- Practice performing your music to family and friends.

## **NOTE**

If you've had lessons before, you can submit a video for review. Our administrators will assign you the appropriate starting level based on the video and your playing level. The worship academy director and administrators have the final decision on which level each person will begin.

## **PROGRAM LAYOUT**

The worship academy is broken down into levels for each instrument. Each level contains 6-8 lessons that build on each other from one level to the next. Once you complete a level, you will submit recorded training videos for instructors to review. Videos must be submitted for review before progressing to the next level. Please make sure all videos are appropriate for viewing.

## **COMPLETING A LEVEL**

- 1.** You **MUST** view ALL lessons before progressing to the next level.
- 2.** Each level will require set benchmarks. You must email these recordings to your instructor upon completion of each level.
- 3.** All videos **MUST** be emailed to [wa@templebaptistcullman.com](mailto:wa@templebaptistcullman.com) (include your name and level in the subject line).
- 4.** Instructors will review recordings and correspond with one of the following:
  - a.** Additional help and suggestions (this will assist you with moving to the next level)
  - b.** Approval to the next level
- 5.** When progressing to the next level, you will receive an email link for payment for the next level. All levels must be paid in advance.
- 6.** Student will need to complete a level within 1 year of the original registration date as the video curriculum will no longer be accessible. If any additional accommodations need to be made, please email the instructor using the provided email.

## **COST**

The cost associated with each level includes full access to videos, printed material, and any curriculum booklets. You will keep full access to the video curriculum for 1 year from your original registration date. Costs are subject to change as material costs may increase. The payment is due in full upon registration.

The registration cost for each level will be \$60.00. In addition to this, there may be literature/book costs.

The Worship Academy is set up to be paid by levels. You must complete each level before advancing to the next level. The total cost for each level will depend on what literature/books are needed for that particular level. As mentioned before, our goal is to see you use your talent for the Lord. We want to give you an incentive to complete the Worship Academy. Once you have completed all levels for your particular instrument, worked with your instructor on areas of improvement and sent in all the required benchmark work to your instructor, the Worship Academy will refund half of your registration costs. This does not include literature/book costs. This incentive will only be available to Temple Baptist Church members and attenders.

## **REFUND**

Temple Worship Academy Online does not give any refunds.
