

Vehicle Display Bump In Requirements

To ensure a safe and smooth installation of all vehicle displays within our Centre, a Dalby Shoppingworld staff member *must* be present to assist on your arrival & exit. If you have not been allocated a specific staff member to liaise with on arrival, please contact Centre Management on 07 4662 3583.

1. Vehicle Entry & Exit

- Vehicle movement is limited to outside centre core trading hours. These times are strictly enforced to ensure customer safety and minimise disruption to trade.
- Vehicle may enter the centre between 7am - 8.30am. Vehicle exit must occur between the hours of 5.30pm - 9pm on week days (Mon - Fri) or 4.30pm - 6pm on weekends (Sat-Sun)

Late arrivals: If you arrive after 8:30am, you may be denied entry, and the day's lease fee will be forfeited. In this case, if you have booked more than 1 day, you may attempt entry again the following day. **Subject to availability and approval from Centre Management.*

Late exits: If you are unable to exit the centre after 5.30pm on the final day of your lease, you may be charged the full daily rate for each additional day the vehicle remains in the centre.

2. Bollard Removal for Entry & Exit

- Bollards at Cunningham Street main doors must be removed to allow your vehicle in and out of the centre. A date and time for bollard removal must be pre-arranged with Centre Management prior to your arrival on site. If you have not already done this, please contact Centre Management on 07 4662 3583. (Map for entry & exit point below)

3. Spotters During Vehicle Movement

- A minimum of two spotters must be present at all times while the vehicle is moving within the centre.
- Spotters must monitor all sides of the vehicle to ensure safe navigation and prevent damage to property or persons.
- If you are unable to provide spotters, please advise Centre Management so alternate arrangements can be made.

4. Floor Protection Requirements

- Protective sheeting or carpeting must be placed under each tyre, as well as beneath the engine bay or any component that may leak oil or other fluids.

This protection must remain in place for the duration of the display to prevent damage to centre flooring.

5. Damage & Restitution

- Dalby Shoppingworld reserves the right to seek restitution for any damage caused by the lessee's vehicle.
- This includes, but is not limited to:
 - Damage during entry or exit
 - Scratches, stains, or marks on flooring
 - Damage to displays, floor stands, furniture, or centre infrastructure

Disclaimer - Vehicle Display

Dalby Shoppingworld takes no responsibility for any damage caused to a vehicle while it is on display within the centre. In the event that damage does occur and a police report is lodged, Centre Management will cooperate with authorities and provide CCTV footage or other relevant information where available. Dalby Shoppingworld cannot provide footage to you or your company directly due to privacy laws.

Staff Contacts

Please ensure you only contact the staff member allocated to you when receiving your bump-in pack. Staff have a rotating roster, and have been allocated according only to their rostered hours to assist.

Eric Lavega 0437 771 944
