Technical Data Sheet

Principal Functioning Agents:

Guaranteed Analysis: 0-8-5

Available Phosphate: 8%

Soluble Potash: 5%

Derived From: Monopotassium Phosphate

Density:

9.4 pounds per gallon at 68°F

Application Rate:

For soil or foliar applications, apply 1 to 2 pints per acre. Applications may be repeated every 2 to 6 weeks or as needed, depending on crop demand, soil conditions, weather, timing, and nutrient requirements.

Mixing Compatibility:

Tank mix compatible with a wide range of products. A compatibility jar test is recommended before tank mixing.

Available Packaging:

2.5 gal jug, 2x2.5 gal box, totes

Storage & Disposal:

Storage and handling of Nuvano Ramp shall be in either fiberglass, polypropylene, plastic or low carbon stainless steel (316LSS) containers. Avoid steel or nylon vessels or steel or nylon valves and plumbing as prolonged contact will deteriorate valves and plumbing. Dispose of contents and container to an approved waste disposal plant in accordance with local, regional, and national regulations.

LIMITATIONS OF WARRANTY AND LIABILITY: Nuvano, and any other seller, warrants only that this product conforms to the chemical description on the product label. No other warranty, express or implied, as to the merchantability, fitness for a particular use, or otherwise shall apply. Purchaser's exclusive remedy for loss or damage related to the purchase and/or use of this product shall be limited to the refund of the purchase price only. By using this product, you are deemed to have accepted the terms of this notice.
