## Note About Electronics:

*Parents, if you choose to send your student to camp with a cell phone, tablet or other electronic device please know that their use of these devices will be limited. Also, the ability to charge any of these devices is not guaranteed, so please take all of this into consideration before allowing your child to bring them to camp. In the event your child is unable to self-regulate their use of electronic devices (namely cell phones or tablets), they may be confiscated for a period. You will be notified if an item needs to be taken away from your child and the reason why we deemed it necessary. Any devices, power cords, etc. should be clearly marked with your camper's name.*
