

Note From Fr. John

Should you want to grow in deeper and intimate relationship with the Lord and should you want to have pilgrims who can show you the way, and should you want to open your doors to more such people who are passionate about their faith, this is the time and this is the weekend that will change your life.

Just give it a chance. You have nothing to lose and everything to gain.

It is time to reignite your smoldering embers and to reawaken your slumbering and weakened faith. Give God a chance to work in your life.

*With love,
Fr. John Britto Antony, CSC*

What is Christ Renews His Parish?

Christ Renews His Parish is an effective spiritual renewal experience presented by a team of parishioners who were properly formed in prayer and love. The emphasis is on personal and community renewal in a non-silent environment. You listen, discuss if you like, pray for grace and read Scripture to see how it impacts our everyday life. **The weekend offers clergy-celebrated liturgies including Mass and the sacraments.** During the process you laugh, sing, and savor the food that emerges from the SJE kitchens prepared by our CRHP alumni kitchen staff. You will come away with a life-changing attitude and an improved relationship with Jesus Christ.

Come with an open mind and an open heart and come away with a greatly enhanced spiritual life and many new friends.

Are you New To Our Parish?

Attending a Christ Renews His Parish weekend is undoubtedly the most direct and easiest way for new parishioners to become acquainted with other parishioners and to join in the other ministries of the parish.
