After School Activities

Arts & Crafts Monday
Construction Tuesday
Cooking Wednesday
Games Night Thursday
Movie Night Friday

Coming soon!

We are very excited to share some lovely news – cooking is coming to After School Club (ASC)

From June, children will take part in cooking activities where we first explore the recipe and talk through how we make it, followed by hands-on cooking the following week. We can't wait for the children to get involved and try something new.

Alongside cooking, we have a fun-packed programme planned for the coming weeks, and we would love as many children as possible to join us at ASC.

See you all soon,
After School Club Team

Reminders

You can always reach us at ASC by calling the school on the usual number and choosing option 3. This is the same option to use if you need to speak to someone in Early Birds too - 01945 780121.
