HOMework

The children will be taught new spellings on a Tuesday in preparation to be tested on them the following Tuesday. This will be as a mixture of words and dictated sentences.

It is also expected that your child reads regularly at home. In class, they will frequently read aloud and discuss the texts they are reading. It would be beneficial for your children to have the opportunity to do this at home also to aid both their reading fluency and comprehension skills.

If your child wishes to complete further maths practise at home, they all have a login to both Times Table Rock Stars and Complete Maths Tutor. Please contact us if they need their login details again.
