

[FILTERS]

Which ProMaster filter is right for you?

Standard

ProMaster Standard filters feature high-quality glass and precision metal frames. This filter simply allows you to protect your lens and improve the quality of your photography.

Digital

ProMaster's Digital line of filters produce clearer images with higher contrast by reducing internal lens flare and reflections that can occur in digital SLR cameras.

- + Next generation digital anti-reflection multi-coating specially formulated to minimize internal reflections and give you sharper pictures
- + Ultra-hardened glass resists scratching and stands up to the most intensive use
- + Black rimmed glass minimizes internal reflections
- + Low profile, ultra thin anti-reflective knurled frame prevents vignetting on super wide digital format

Digital HGX

ProMaster's Digital HGX filters, part of our professional line, are created with the highest quality, ultra-hardened glass. Each filter is individually polished and treated with 16 layers of coating, including Repellamax™, a unique element resistant coating, which can only be found in a ProMaster Digital HGX filter.

- + Repellamax™ Coating resists moisture, fingerprints, dust, grime and makes your filter easier to clean
- + Next generation digital anti-reflection multi-coating specially formulated to minimize internal reflections and give you sharper pictures
- + Black rimmed glass minimizes internal reflections
- + Low profile, ultra thin anti-reflective knurled frame prevents vignetting on super wide digital format

[HGX FILTERS]

Seeing is Believing

Professional HGX Filters

ProMaster Digital HGX Filters are the highest quality, most advanced optical filters available today for digital photography

PROMASTER DIGITAL HGX FILTERS, part of our professional line, are created with the highest quality, ultra-hardened glass. Each filter is individually polished and treated with 16 layers of coating, including Repellamax™, a unique element resistant coating, which can only be found in a ProMaster Digital HGX filter.

- + Exclusive REPELLAMAX™ Element Resistant Coating repels moisture, fingerprints, dust, grime to ensure the sharpest images possible and makes your filter easier to clean
- + Sharper pictures with Next Generation Digital Anti-Reflection Multi-Coating specially formulated to minimize internal reflections created by CCD and CMOS sensors in a digital SLR
- + Hardened Optical Glass resists surface scratching and stands up to the most extensive use
- + Black rimmed glass minimizes internal reflections
- + Low profile, ultra thin anti-reflective knurled frame prevents vignetting on super wide digital format
