

**KICKSTAND VENTURES, LLC**  
**April, 2024**

**Item 1. Introduction.**

**Kickstand Ventures, LLC**, doing business as **Kickstand Wealth Advisors** is registered with the United States Securities and Exchange Commission as an Investment Adviser. Brokerage and investment advisory services and fees differ and it is important for you to understand the differences.

Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers and investing.

**Item 2: What investment services and advice can you provide to me?**

**Kickstand Wealth Advisors** provides investment management services to retail investors. In providing investment management services we also provide comprehensive financial planning. We do not provide financial planning as a standalone service. We tailor your investment management services to match the investment objectives, goals, risk parameters, financial and other information which you provide to us. We monitor the holdings and performance of your account on an ongoing basis. We provide investment management services on a discretionary basis pursuant to authority granted to us in your client agreement. Pursuant to this discretionary authority we are authorized to determine which securities are bought and sold, the total amount to be bought and sold, and the costs at which transactions will be effected. However, there are certain clients for which we provide investment management services on a non-discretionary basis. We generally do not limit the types of investments we utilize for clients, but consistently utilize registered mutual funds and exchange traded funds, as well as equity securities, corporate bonds, private funds/illiquid investments, real estate investment trusts, interval funds and variable annuities. We generally impose an account minimum of \$500,000 for new clients. Regardless, we reserve the right to accept or decline a potential client for any reason in our sole discretion.

For additional information, please refer to our Item 4 Advisory Business and Item 7 Types of Clients in our [Form ADV Part 2A Brochure](#).

**Questions to Ask Us:**

**Given my financial situation, should I choose an investment advisory service? Why or why not?**

**How will you choose the investments that you recommend to me?**

**What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?**

**Item 3 (part 1): What fees will I pay?**

For investment advisory services we charge an asset based fee, which is billed on a monthly basis. For an asset based fee, the more assets that are in a client's advisory account, the more a client will pay in fees. Therefore, we may have an incentive to encourage clients to increase the assets in his or her account. Financial planning services are not subject to a separate fee.

In addition to our fees you will be responsible for other fees and expenses, such as, transaction charges and fees/expenses charged by any custodian of your account, subadvisor, mutual fund, exchange traded fund, separate account manager and any taxes or fees required by federal or state law.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For additional information, see Item 5 Fees and Compensation of our [Form ADV Part 2A Brochure](#).

**Question to Ask Us:**

***Help me to understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?***

**Item 3 (part 2): What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide to you. As an example, we receive various benefits and services from the custodian utilized for client accounts and trading execution. For additional information, please refer to our [Form ADV Part 2A Brochure](#), specifically Item 12 Brokerage Practices.

**Question to Ask Us:**

***How might your conflicts of interest affect me, and how will you address them?***

**Item 3 (part 3): How do your financial professionals make money?**

Certain of our financial professionals are paid on a salaried basis. Other financial professionals also participate in bonus programs, related to new clients obtained and/or an increase in client assets supervised by the professional. Financial professionals paid pursuant to a bonus structure that encompasses factors such as increase in firm or client account revenue and increases in managed client assets are subject to a conflict of interest. In addition, other financial professionals are paid a percentage of the revenue earned by the firm on the client assets managed and/or serviced by the specific financial professional. Since the firm charges an asset-based advisory services fee, the more assets you have in your account the more you will pay in fees and, therefore, the firm and the financial professional have an incentive to encourage you to increase the assets in your account.

**Item 4: Do you or your financial professionals have a legal or disciplinary history?**

No. You can visit [Investor.gov/CRS](#) for a free and simple search tool to research our firm and our financial professionals.

**Questions to Ask Us:**

***As a financial professional, do you have any disciplinary history? For what type of conduct?***
