# Zip & Link

## Why choose a Zip and Link bed or mattress?

Our Zip and Link sets offer a versatile and effective solution to your space and comfort needs. Complete with high-end zips to keep the mattresses together and quality link bars, there's no chance of bases drifting apart in the night! Below are a few reasons you may wish to consider zip and links for your business or home.

- Make the most of your space - Zip and Link beds can form one large bed or be separated into twin beds as required. This option is very popular with hotels, B&Bs, guest houses and other accommodation providers.
- Zip and Link beds can also help where space is tight. If you struggle with narrow hallways or manoeuvrability in your accommodation or home, this is a great option.
