

What is a Green Funeral?

You may have heard the terms Green Burial, Green Funeral, or even Natural Burial in the past few years. But what do they mean? And does Levinson's provide those services?

The terms are essentially interchangeable. Typically, people looking for a green funeral are looking for a burial that impacts the environment as little as possible.

At Levinson's, we consider ourselves to be experts in green burial, given our nearly 130 years of providing funeral services to the Jewish community.

People's preferences about funeral details vary greatly. To learn more, please [check out this post](#) or reach out to [our funeral directors](#), who would be happy to answer your questions.

Meet Our Family

Charles Bagley, Human Resources Manager

Chuck joined the Sol Levinson team in February 2020 as the Human Resources Manager. Starting a new human resources job a month before a pandemic lockdown is certainly a challenge. However, Chuck's easy-going nature and comprehensive experience allowed him to immediately jump into navigating the complex policy changes needed to ensure the safety of our community and employees. Chuck always has an even keel and his quiet sense of humor is even more apparent now that we are back in the office.

Chuck handles all aspects of HR for the company from employee relations and performance management to recruitment, communication, and employee engagement. Chuck brings over 30 years of HR and counseling experience to this role, including more than 20 years in HR leadership at the University of Maryland, College Park.

Chuck was born and raised in Baltimore City and graduated from Baltimore Polytechnic Institute and earned an undergraduate degree in History from Messiah College in Pennsylvania. He worked for over 30 years with the State of Maryland as a Vocational Counselor and Human Resources professional. He retired from state service in 2018 as the Assistant Director of Human Resources in Facilities Management at the University of Maryland, College Park.

Chuck has resided in Howard County for almost 40 years where he lives with his wife of 37 years, Michelle, and raised 2 daughters. He enjoys music, playing the piano, both playing and watching sports, and spoiling his two grandkids. Chuck is a community theatre performer and serves as president of the Howard County Summer Theatre. He also works professionally as a living history performer portraying George Washington Carver for middle and high school students from across the nation.
