**CACI Skin Regenerator**

Uses **ultrasonic** vibrations at the rate of 25,000 vibrations per second on the skin surface to exfoliate dead skin cells and provides a therapeutic micro massage to loosen any congestion in the deeper layers.

**CACI Ultra**

The ultimate CACI treatment combining micro current to re-educate the muscles and the award winning skin regenerator to peel and plump the skin. The CACI Ultra is the best treatment to achieve a more youthful looking face. The treatment will increase collagen production and "plump up" the muscles, softening lines and rehydrating the skin.

**Hydratone**

CACI Hydratone combines micro current rollers with a unique electronically conductive gel mask that has been infused with collagen, hyaluronic acid, vitamin C & E. The energy from the rollers will recharge and replenish the bio-electrical energy in the facial muscles, at the same time the hydrating activities in the gel mask will be driven deep into the skin tissue. 10 minutes of Hydratone will make your face remarkably softer, radiant and youthful..

£30.00

**CACI Cellulite Treatment**
