Comments from the Elders ~

We provide this card to you as a service so that you can prepare yourself, and your family, for the text that will be expounded on Sunday during the sermon at our corporate worship service. The service themes are broadly based around the theme of the sermon text, so, there are many reasons to read through the text before we gather.

Since we finished 51 sermons through Samuel in the Old Testament, as is our habit, we are now expounding a New Testament book—the ever practical book of James. We plan to hear sermons on Worship, God's moral law, Christian hospitality, as well as key Christological passages from Colossians as well as Ephesians. Within this timeframe, we plan to minister to kids and youth through VBS and church camp; visit with Pastor Jorge; fellowship at our Church Social; maintain and enjoy our 6 acre property this summer; seek God's face through prayer; and study the doctrine of Scripture at our Fall Bible Conference with Dr. Renihan. Most of all, there is the unwritten agenda of how God will use these ordinary means of grace to save souls and deepen the discipleship roots of saints. Can we help but say, ...“Hallelujah!”

Read ahead. Pray for the preacher. Come early. Stay late. Love well. Engage fully. May the Lord be glorified in us on each Christian Sabbath Sunday!
