

Mixed Grain

Product Description

Woods Mixed Grain is composed of premium whole and cracked grains, pulses, oil seeds and vegetable oil. It is designed to be fed as a grain/seed supplement to domestic birds as per recommendations of your nutritionist.

Depending on type of bird it may require addition of protein meals, minerals and vitamins. In case of laying birds, the supply of shell and/or cal grit is recommended.

Feeding Guidelines

Allow free access to **Woods Mixed Grain** and fresh clean water at all times.

Follow directions of your nutritionist if fed as a supplement with other grains.

Typical Result* – As Fed Basis
