Our funeral home makes no warranties or guarantees regarding the construction or suitability of these outer burial containers. The only warranties, expressed or implied, granted in connection with outer burial containers are the express written warranties, if any, extended by the manufactures; thereof our funeral home hereby expressly disclaims all warranties, expressed or implied, relating to the outer burial containers, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink. Either a grave liner or burial vault will satisfy these requirements.
