- Purpose: This aligns players with their school-grade peers, reduces social disruption, and supports long-term player development.

About Classic Phase I

DUFC's Classic Phase 1 program is designed for players ready to take the next step in their soccer development. Competing in NCYSA Division I, II, or III league play, the program builds upon the technical skills and fundamentals established through our Academy program while introducing players to a more competitive training and game environment. Phase 1 prepares athletes for the increased demands of Classic Phase 2 while fostering confidence, independence, and a lasting passion for the game.

Through structured team training and competitive league play, players continue developing their technical abilities, tactical understanding, decision-making, and overall game awareness. Our focus is on individual development while emphasizing teamwork, accountability, sportsmanship, and preparing players for the next level of competition. The program operates under the oversight of DUFC's Director of Coaching and is a year-long commitment, with both fall and spring seasons.
