Disclaimer: Martec® is committed to ongoing development and enhancement of its products. Consequently, all descriptions, illustrations, drawings, and specifications presented in this publication are intended as general information and do not form part of any contractual agreement. The figures related to air movements are indicative and should be considered as approximate values. All measurements are provided in millimeters unless stated otherwise. Please note that specifications and imagery are subject to change without prior notice. This information was last updated in September 2025.

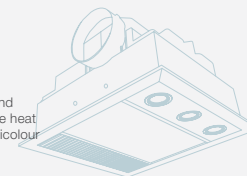

WE DO MORE THAN YOU THINK

At Martec® we not only offer fans but different solutions as well.

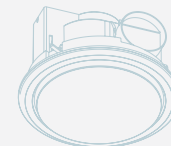

Martec® Heating offers a wide range of bathroom heaters and accessories to suit all bathroom sizes and needs. From single heat lamps to stylish 3-in-1 units with 1, 2, or 4 heat lamps and tricolour LED lights, our products deliver instant, effective warmth.

Select new models feature high-performance DC motors for improved energy efficiency and quieter operation. With various IPX ratings and finishes available, our heaters blend seamlessly into any décor. Whether you need basic heating or multi-functional solutions, Martec® Heating enhances comfort and style in any bathroom.

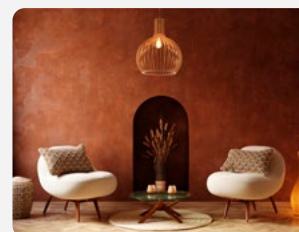

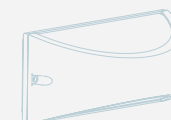

Martec® Exhaust offers a flexible range of exhaust fans suited for bathrooms and various other spaces. With options in size, shape, IPX ratings, and tricolour LED lights, our fans fit seamlessly into any environment.

Featuring powerful ball bearing motors and advanced blade designs, they deliver efficient, quiet ventilation. For reliable, long-lasting performance, Martec® Exhaust ensures clean air and comfort wherever it's needed.

Martec® Lighting offers a wide range of LED solutions, including downlights, surface-mounted fittings, and exterior lights. Our downlights and surface fixtures feature switchable colour temperatures and dimming options, compatible with Martec® dimmers for personalized ambience.

Our exterior lights come with various IP ratings and optional motion sensors, providing reliable safety and security for any outdoor space. Whether for small projects or large installations, Martec® delivers quality, budget-friendly lighting tailored to your needs.

MDA Lighting is a premium Australian-owned lighting brand celebrated for its high-class, decorative designs. With over a decade of industry experience, MDA offers an extensive range of stylish indoor and outdoor fixtures that suit both classic and contemporary spaces.

Their products are known for exceptional craftsmanship and unique, premium finishes such as acid-wash copper, silver leaf, and gilded gold. Each piece is designed to elevate interiors with timeless elegance, making MDA Lighting a go-to choice for sophisticated and statement lighting solutions.

Enhance your living experience with Martec[®]

For over six decades, Martec[®] has led the way in delivering innovative cooling, lighting, heating, and exhaust solutions. Our legacy of quality and performance continues with the launch of our latest advancements—designed to elevate comfort, simplify installation, and bring smart technology into every home

Introducing our new collection of **Patented Fast-Fix Blade DC ceiling fans**, crafted with durable ABS construction and engineered for quick and hassle-free installation. These fans provide powerful airflow and whisper-quiet operation—perfect for maintaining comfort during the hottest months.

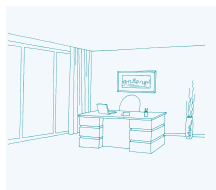

DC/AC Wall Fans – Avalon & Como Ranges offer the flexibility of both DC and AC motors, combined with sleek, modern aesthetics and reliable performance for indoor use. Built with robust ABS blades and a sturdy steel mounting bracket, these fans feature multiple speed settings, oscillation, manual vertical tilt adjustment, and come equipped with a convenient remote control.

Expanded Smart Ceiling Fan Range – Alpine DC, Osprey DC & Cordoba DC. These fans combine cutting-edge technology with elegant design to deliver exceptional energy efficiency, whisper-quiet operation, and a premium user experience. Each model includes a WiFi-enabled remote control offering six fan speeds, as well as comfort sleep mode and breeze mode for personalised climate control. They also feature 6-stage adjustable colour temperature, ranging from a warm 2700K to a crisp 6000K, along with dimming capabilities—allowing you to tailor both airflow and lighting to suit any mood or time of day.

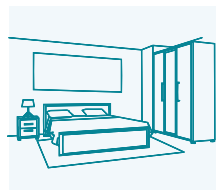

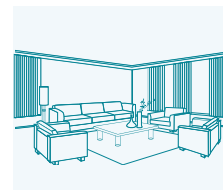

The Martec[®] Promise

At Martec[®], we are driven by a deep commitment to quality, innovation, and service excellence. Every product reflects our meticulous attention to detail and passion for delivering solutions that exceed expectations. We don't just create fans—we deliver comfort, convenience, and peace of mind.

MARTEC® STANDARD

KEY FEATURES

(applies to **ALL smart** DC ceiling fans see p.12-p.63)

- WiFi Smart
- Efficient DC Motor
- 6 stage CCT (2700K - 6000K)
- Variable dimming
- 8 speed settings (6 fan speed + sleep + breeze mode)
- Stronger mounting bracket
- Thicker rod (26mm vs 18mm standard)
- Magnetic screw cover
- Full setting memory

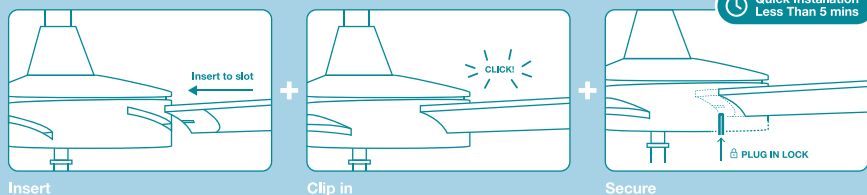

PRODUCT HIGHLIGHTS

PATENTED FAST FIX TECHNOLOGY

Patented Fast-Fix Technology DC ceiling fans, built with durable ABS construction and innovative fast-fix blades—designed not only to deliver superior comfort during the hottest summer months, but also to make installation quicker and easier than ever.

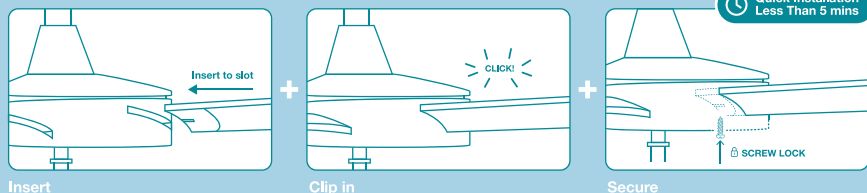

Quantum DC & Proton DC Fast Fix Blades

Quick Installation
Less Than 5 mins

Zorro DC & Legend DC Fast Fix Blades

Quick Installation
Less Than 5 mins

BLADELESS FANS

Bladeless Fan redefines indoor airflow with a modern design that blends effortlessly into any space. Unlike traditional fans, our bladeless design uses innovative air technology to deliver smooth, uninterrupted airflow—without exposed fast-spinning blades.

Fantom DC
Bladeless Fan p.47

WALL FANS

Featuring a powerful and efficient DC/AC motor, sleek modern design for indoor use, and robust ABS blades with a steel mounting bracket. They offer multiple speed settings with oscillation for improved air circulation, manual vertical tilt adjustment, and come supplied with a remote control.

A man and a woman are lying in bed, looking up and smiling. The woman is in the foreground, wearing a grey sweater, and the man is behind her, wearing a blue shirt. They appear to be in a comfortable, relaxed state. A green plant is visible in the background on the left.

“Hey...turn the fan on”

SMART DC CEILING FANS

Martec® Smart DC ceiling fans combine high efficiency, quiet operation, and user-friendly control in a lightweight design. Powered by energy-saving DC motors, they consume less power than conventional fans while delivering up to 8 speed settings and a convenient reversing function for summer and winter use.

The lightweight motor makes installation easier for electricians, and its near-silent performance is perfect for bedrooms. Each fan comes with a Smart DC remote control, featuring comfort sleep and breeze modes, plus six adjustable speed settings for personalised comfort.

DC CEILING FANS

DC ceiling fans offer high efficiency, quiet operation, and lightweight design, making them a smart choice for modern homes. DC motors consume less energy than conventional ceiling fan motors, helping to reduce power usage.

They also weigh less, making installation easier for electricians. With up to 5 speed settings and a user-friendly reversing function for summer and winter use, these fans provide versatile comfort. Ideal for bedrooms due to their quiet performance, DC ceiling fans come supplied with a remote control for easy and convenient operation.

AC CEILING FANS

AC motor ceiling fans are a cost-effective and reliable cooling solution, offering a wide range of styles and control options to suit any space.

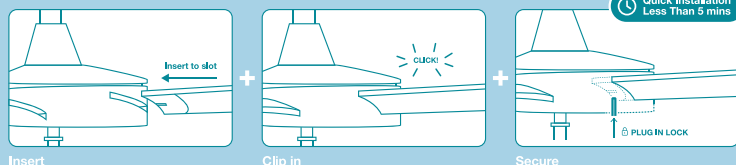

They can be operated using various controller types—from simple wall switches to remote controls—giving users greater flexibility. With their long-standing presence in the market, AC ceiling fans come in a variety of designs to match both style preferences and budgets.

CEILING FAN ACCESSORIES

Remote Control / Wall Control

Remote and wall controls offer convenient operation of ceiling fans, allowing you to adjust speed, direction, and lighting with ease. Enjoy personalised comfort and effortless control from anywhere in the room.

Downrod

Downrods enhance ceiling fan performance and airflow efficiency in rooms with high ceilings. They lower the fan to an optimal height, ensuring better air circulation, comfort, and energy-efficient operation.

45° Angle Canopy

An angled canopy allows secure installation on sloped or vaulted ceilings. It ensures proper alignment, enhances stability, and maintains optimal fan performance while complementing ceiling aesthetics.

REMOTE / WALL CONTROL

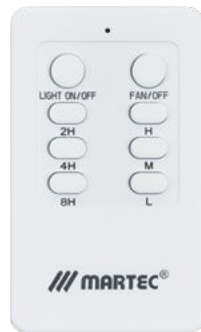

WALL CONTROL KIT

MDCPWC

FEATURES

- 1 year in-home warranty
- Suitable for all Martec DC WIFI, Quantum DC & Zorro DC ceiling fans
- App, Remote and Wall control are synchronised through the last command
- Unique comfort sleep and breeze mode + 6 other speed settings
- Fully reversible for summer and winter mode
- Light on/off, with variable 6 stage dimming function
- 1-8 hour timer
- Radio frequency with range up to 10m
- 240 VAC powered
