## **HOUSE & GARDEN**

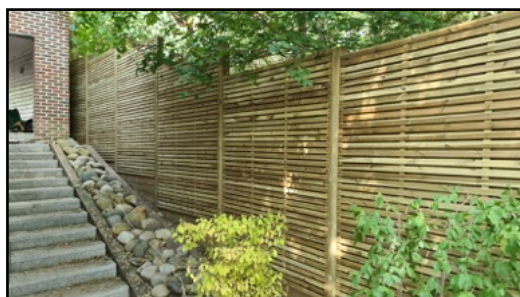

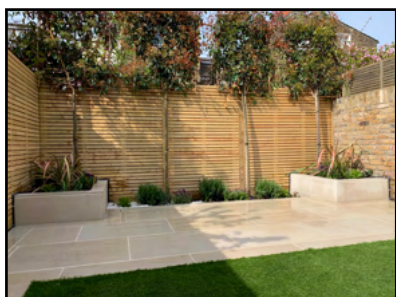

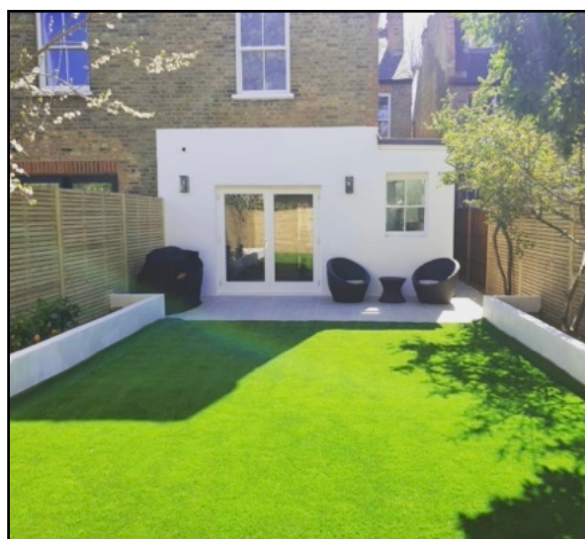

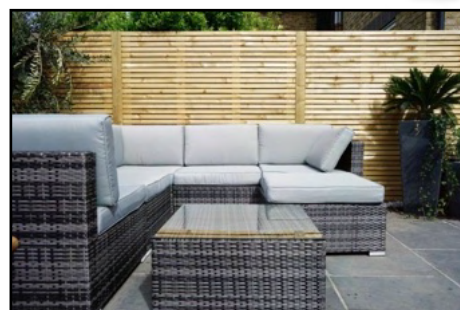

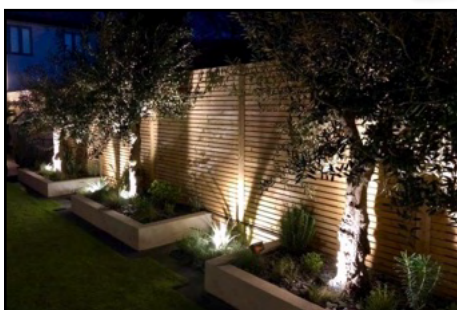

## Contemporary Privacy Fencing

- Double Sided For Complete Privacy
- Can be installed with standard sawn posts or planed
- Matching gates and capping rails available

I was looking for a contemporary fence without having to pay over the odds. Simply Fences were exceptional! Not only did they deliver an affordable product, but their service was friendly, professional and the execution was spot on.

## Classical Closeboard Fencing

- Heavy duty classically styled garden fencing
- Can be installed with matching trellis above
- Matching gates, capping rails and planed posts available with some styles

Simply Fences were so easy to work with - from coming over to give a quote, receiving a quote, arranging dates and completing the work. Everything done exactly to time. The team are all really professional, and totally reliable. The quality of our fence is excellent, and installation perfect. Would 100% recommend them.

## Above Wall Privacy

- Modern or traditional styles
- Can be installed in front, back and roof gardens
- Matching gates, capping rails and planed posts available with some styles

A fantastic service from start to finish. The experience I had speaking with Asa in the first instance was incredibly positive. He was patient, informative and friendly. The quote I received was reasonable and, in many cases, more affordable than some other companies I approached. The standard of work was impeccable.

## Decking

- Many styles of gates in both custom and standard sizes
- High security lock options
- Front & back gardens plus above gate security panels
- Matching fences, capping rails and planed posts available with some styles

We used Simply Fences to replace our decking, to build storage seat benches and to put up new fences. They were so easy to have around, very polite, very hard working, very punctual and very patient with our dog! The work and materials are of a very high standard and we would not hesitate to recommend them.

## Railings & Front Gardens

- Many styles of railings, fences and planters all in custom sizes (also planting available with planters)
- Matching gates available
- Pre-painted and galvanised railing options
- Can be installed above walls or directly into the ground

Simply Fences installed new fences in our and our neighbour's garden a couple of week's ago. The team delivered quality workmanship and stunning results. Good communication was a strong point, as was their tidiness during the working day and at the end of each day. Without hesitation we can recommend Simply Fences.

## Images of installations

Simply Fences have done a fantastic job installing a new fence and garden gate. They are a highly professional company, competitive in price and reliable. James and Steve who installed the fence were polite, worked in torrential rain and left the garden immaculately tidy when they left. I can highly recommend them.

“Great service from start to finish.” - R. Beresford

-

“Highly recommended! Very professional and pleasure to deal with.” - TYM

-

“We are absolutely delighted with the results of our new fencing by Simply Fences which has transformed our garden. All of the team have been extremely professional, helpful and efficient with the quality of work and product exceptionally high and at a decent price point compared with competitors. I would highly recommend them.” - J. Banks

-

“Simply Fences did a v professional job and I'm really pleased with my lovely new fences! The team were super-efficient, polite and friendly, happy to advise on design and took pains to make sure the fixings were hidden and the height and colour etc were exactly what I wanted.” - E. Sutton

-

“Highly recommend Simply Fences, they did a great job installing new fences and removing the old with minimal disruption. Very neat and professional team. Fences look great!” - C.F.

-

“Simple, stylish, attractive and well-made. The old panels were removed and disposed of and replaced by the new ones in just over a day. All was left tidy and my flower beds weren't trampled any more than absolutely necessary. The new panels are solid and very well installed and have transformed the garden. I would gladly recommend this company - nice people who did a great job.” - K. Pothlingham
