

HOME TEAM SCOUTING REPORT

Who Was That Child?

No announcement. No headlines. No social media post. Nothing. A child does something amazing and yet he received no recognition. We don't even know if anyone thanked him. As a matter of fact, we don't even know his name! I'm referring to a moment in the Bible when a boy overheard a plot to have the Apostle Paul killed. The boy intervened and saved Paul's life! It was his nephew, but we don't know his name. We also have the story of the nameless boy who gave up his small lunch, and Jesus used it to feed thousands!

God knows the name of both of those children! They matter to God! They mattered to Paul and to the thousands of hungry people! They did one simple thing, and it impacted countless lives! Maybe knowing the name doesn't matter... maybe it's about doing something significant without seeking praise or getting your name in the spotlight.

You don't know their names, but there are 98 youth who were spiritually impacted at FCA Leadership Camp. All claim to have placed their faith in God, through Jesus Christ. There were 56 youth who committed to living for God daily, while another 42 recommitted AND sensed God asking them to live in a new way!

There were multiple comments from students proclaiming that this was their best FCA Camp, that chapel was life-changing, and their Huddle time was transforming! One student shared with me after the last night of chapel – "I want to get baptized when I get back to my church!" That is great! He is changed, all of them are! Praise God for the decisions made at camp! There is no one who celebrates more than our God!

The point is, 98 youth (as well as hundreds involved in FCA back home) are going back to school in less than three weeks. Pray that they will shine for Jesus, courageously share their faith, and boldly live for God, without worrying about their names being known. Instead, may the name of Jesus Christ be magnified and glorified, by their godly acts of love.

Thank you again for your prayers for camp, and your support! Thank you to those who gave extra to help scholarship kids to camp – every kid wanting to go, was taken care of.

SENIOR SPOTLIGHT

We have hundreds of seniors actively involved in FCA! We'd like to feature a few seniors and share how FCA has impacted their lives. Pray for them as they graduate and begin a new journey in their life.

Eli Lawrence: Hicksville High School

Being a kid with family in ministry it wasn't a matter of if, but when I would take my turn. God gave me that opportunity through FCA, and my life is forever changed because of it. This ministry has given me my closest friends. The people who I rely on in a pinch. The people who hold me accountable when I'm falling behind. The people that I confide in when I am confused or struggling. If not for what God has given me through this ministry, I do not know where I would be. On top of people this ministry gave me the opportunity to be the body of Christ. Getting to plan worship nights and events has been by far the best part of my high school career.

I cannot wait to see how the skills I've built with FCA translate to my freshman year at Ball State University next year. Eli will be majoring in Media w/Sports Reporting.

Calleigh Stoner: Liberty Center High School

High school is one of the biggest milestones of your life. Going through it alone is not easy, FCA opened my eyes to the people and God you have around you. FCA has helped me come out of my comfort zone by teaching lessons, praying for a large group, and talking to people you never knew you would. With tearing my ACL senior year FCA gave me the opportunity to share the struggles and challenges I had with my faith and how I learned to grow from it. Seeing the different perspectives and approaches to understanding the Bible and the continuous lessons it teaches. FCA has helped me grow in my faith in so many ways and I am eternally grateful for the people it has put in my life and the God who is at my side.

Calleigh plans to attend the University of Toledo for nursing to then pursue a career as either a nurse practitioner or nurse anesthesiologist.
