AG METAL COLOR SELECTIONS

All #1 color selections are coated with the Sherwin-Williams® WeatherXL™ paint system. This Paint system allows us to offer a Limited Lifetime Warranty on all #1 painted metal selections.

The 29 gauge AG Rib Metal has 36" coverage and is a perfect choice for all commercial, residential and agricultural applications.

All colors are representative of actual metal color as technologically as possible. For an exact match, please request a paint chip.
