Best regards,

The Team at Martin's Auto Care

Thanks for the Kind Words!

"I had an outstanding experience with Martin's Auto Care. They serviced my car and completely exceeded my expectations. Their customer service was exceptional—they even picked up my car from my workplace and delivered it back when the service was done, which made the entire process incredibly convenient."

—Lupe Charping

"Great price! Highly recommend! This is worth the read, I promise. After delaying a much-needed repair because I was worried about price and missing time from work, I was relieved to find Martin's Auto Care. They have financing available, were flexible with scheduling a time to get my vehicle in the shop, and working with them was just an overall pleasure. They replaced my shocks, struts, and outfitted my truck with new tires, but regrettably, I needed new wheel bearings as well. When speaking with Lauren about it, she compassionately answered my questions, as well as JP and Brant. They worked with me and gently encouraged me to have this much-needed service. And I broke down crying when I drove it after they finished all the repairs on my vehicle. I am deeply grateful for them and how much of a blessing they have been for my auto service needs."

—Jennifer Moos

"Reasonable price. I've worked with Martin's Rods for over four years restoring and modifying my 1964 Corvette. They have installed a crate engine, new running gear and suspension components, a new wiring harness, exhaust, and interior work. Also, many routine maintenance jobs—oil and lube, alignment, brakes, etc. It's come from an undrivable project to a beautiful, reliable driver. I've run the car in many rallies and autocross events and regularly do 80+ mile drives." —Ron Flake

MANCAKES

Start Dad off with these sweet and savory pancakes with the bacon built right in. "Sweet/savory hybrids can be tricky sometimes but I think this worked beautifully," says Chef John. "We are talking about bacon, cheese, and onions after all, so it wasn't that big of a shock. The way the chipotle-spiced maple syrup brought everything together was a risk well rewarded."

INGREDIENTS

• 8 ounces bacon, chopped	• 1 pinch cayenne pepper	• 1 cup warm
• 1/2 cup thinly sliced green onions	• 1 1/2 cups milk	• maple syrup, or to taste
• 1 1/4 cups all-purpose flour	• 2 ounces sharp cheddar cheese, grated	• 1/8 teaspoon chipotle chile powder, or to taste
• 3/4 cup cornmeal	• 2 large eggs, beaten	• 1 teaspoon vegetable oil
• 1 tablespoon baking powder	• 2 tablespoons butter, melted	• 1 teaspoon butter
• 3/4 teaspoon salt	• 1 tablespoon white sugar	

DIRECTIONS

1. Gather all ingredients.
2. Cook bacon in a large skillet over medium-high heat, stirring occasionally, until evenly browned, about 10 minutes. Off heat, stir green onions into bacon; sauté in hot drippings until slightly softened, 1 to 2 minutes. Transfer bacon mixture to a strainer; drain. Reserve drippings.
3. Whisk flour, cornmeal, baking powder, salt, black pepper, and cayenne pepper together in a large bowl; whisk in drained bacon mixture, milk, cheddar cheese, eggs, melted butter, and sugar until batter is smooth. Let batter rest for 10 minutes.
4. Whisk maple syrup and chipotle chile powder together in a small bowl until chile powder is completely dissolved.
5. Heat 1 teaspoon reserved drippings, 1 teaspoon oil, and 1 teaspoon butter on a griddle over medium-high heat. Drop 1/4 cupful of batter per mancake onto the griddle; cook until bubbles form and edges are dry, 3 to 4 minutes.
6. Flip; cook until browned on other side, 2 to 3 minutes. Repeat with remaining batter.
7. Transfer mancakes to a plate; top with maple syrup.

JUNE 18: NATIONAL GO FISHING DAY

CAR CARE TIPS FOR HOT WEATHER

1. **CHECK THE COOLING SYSTEM:** Ensure your radiator is full and the coolant is in good condition to prevent overheating.
2. **MONITOR TIRE PRESSURE:** Hot weather can increase tire pressure, so check and maintain it at the recommended levels to avoid blowouts.
3. **INSPECT THE BATTERY:** High temperatures can shorten battery life. Check for corrosion and ensure connections are tight.
4. **USE SUNSHADES:** Protect your interior by using sunshades when parked. This helps keep the cabin cooler and prevents dashboard fading.
5. **STAY HYDRATED:** Always keep water in your car for yourself and your passengers, especially on long trips.
6. **CHECK WIPER BLADES:** Hot sun can damage wiper blades. Make sure they're in good condition for unexpected rain.
7. **REGULARLY WASH YOUR CAR:** Dirt and debris can damage your car's paint. Regular washes help protect the finish from the sun's rays.
