HOW TO CREATE A PLAYMETRICS ACCOUNT

Every referee will need an account to receive communications about upcoming games and important information.

Below is the easiest way to create an account. If you or your parent already have an account, you do not need to create one. If you use your parents account, be assured all emails will go to them.

- Go to sportingls.org
- Programs > Recreational Leagues > Youth
- Online Registration
- Create an account/login
 - *Make sure you are set up as a player even if you do not play
- Close out of Youth Registration
- Select Club Programs on left hand side
- Select Referee Registration
- Select who will be a referee
- Select Proceed to Registration at the bottom of page
- Fill out form
- Select Next at bottom of page
- Select Register at bottom of page
- Download PlayMetrrics to phone
- Login on app

If you have any questions or trouble, please contact Lucy via text 816-547-0800 or email: lucy.lotspeich@sportingls.org

3v3 and 1st grade Rules

PreK / Kindergarten Divisions (3v3) Size 3 Ball • Field Size – 65 x 90 ft • Goal - 4 x 6 ft

- 3 field players and no goalie
- Two 15 minute halves and 5 minute half time
- Two simultaneous games with 1 referee for each game (field)
- One coach from each team is allowed on both fields. Kindergarten coaches should attempt to coach from the sideline where possible.
- Coaches should attempt to place aggressive players together on one field to balance games and maintain the teams for the duration of the game.
- No goalie, coaches should encourage players to defend on the field away from the goal
- No offsides called, no throw ins (kick ins are used), no direct kicks, defending team must be 6 yards off the ball for restarts.
- A goal can only be scored / counted from a team's offensive side of the field
- Substitute on any dead ball at referee discretion
- On any restart, the opposing team must be in their defensive half until the ball is put in play.
- To facilitate learning the game, referees may (at their discretion) explain the offense to the player and allow a player to retake a free kick after the same player strikes the ball again immediately after the kick.
- Call all fouls, but take time to explain to the player(s) involved as to what they did wrong
- When a player deliberately heads the ball in a game, an indirect free kick (IFK) will be awarded to the opposing team from the spot of the offense. If the deliberate header occurs within the goal area, the indirect free kick should be taken on the goal area line parallel to the goal line at the point nearest to where the infringement occurred. For non-deliberate headers, play should continue
- The referee will allow players to leave the field to be evaluated by coaches and/or onsite medical staff if there is a suspected head injury.

1st Grade Division (6v6) Size 3 Ball • Field Size – 90 x 155 ft • Goal - 4 x 6 ft

- 6 field players and no goalie
- Two 20 minute halves and 5 minute half time
- 2 referee for each game
- No coaches on the field unless beckoned by the referee due to injury.
- No Goalie. Players should not be in the goal area except when play is occurring in the goal area. Coaches should encourage players to defend on the field away from the goal area. If a team repeatedly blocks the goal by placing a defender in the goal area without actively defending, the referee has discretion to award an indirect kick at midfield or (if this action denies an obvious goal) a goal to the offensive team. Defenders must be involved with play at all times. They should not stay by the box. If the play is on the other end of the field the defender needs to move up with the play.
- No offsides called, no throw ins (kick ins are used), no direct kicks, defending team must be 4 yards off the ball for restarts.
- A goal can only be scored / counted from a team's offensive side of the field
- Substitute on any dead ball at referee discretion
- On any restart, the opposing team must be in their defensive half until the ball is put in play.
- To facilitate learning the game, referees may (at their discretion) explain the offense to the player and allow a player to retake a free kick after the same player strikes the ball again immediately after the kick.
- When a player deliberately heads the ball in a game, an indirect free kick (IFK) will be awarded to the opposing team from the spot of the offense. If the deliberate header occurs within the goal area, the indirect free kick should be taken on the goal area line parallel to the goal line at the point nearest to where the infringement occurred. For non-deliberate headers, play should continue.
- The referee will allow players to leave the field to be evaluated by coaches and/or onsite medical staff if there is a suspected head injury.
- **Quarter Line:** This line is located on each half of the field about mid-way on each half. All defenders must be at or in front of this line when the play is on the offensive half. All offensive players may not go past the quarter line until play is in the offensive half. Any infraction of this will result in an indirect kick at the quarter line.
