Native American Knowledge of Genesis The Red Record and the Snake River Petroglyphs

Bruce Malone

May 17th at 9:00 AM

The Delaware Indians have a detailed record of their ancestry extending back to the origin of humanity. An original document was given to a medical doctor in the early 1800's, translated by a linguist genius over a twenty year period before the civil war, and essentially lost for the next hundred years, and resurfacing in the late 1900's. This document reveals an astounding confirmation of the Biblical account of early earth history – including creation, the entrance of death, and the worldwide flood.

Bruce will include intriguing references to the post flood ice age and other details of earth

history while recounting the discovery, the translation, and the preservation of this remarkable, yet little known, Native American document.

Also included will be video footage of Snake River petroglyphs depicting amazing remembrances of Biblical Creation and the Worldwide Flood by other native American tribes. You will want to see video footage of them at this meeting!

Bruce Malone is a former research leader for Dow Chemical with 28 years of science experience resulting in 18 patents. But his passion is sharing the relevance and evidence for creation, so he retired early to become full-time director of Search for the Truth Ministries. He has been writing and speaking extensively about creation for over 27 years. Bruce resides with his wife and four children in Midland, MI.

Our meeting starts at **9:00 AM Saturday, May 17** at Greater Portland Bible Church, [2374 SW Vermont St.](#)

For those who cannot attend in person, the meeting will also be livestreamed from a link on our website at <https://designscienw.org/livestream>

## Volunteers Needed for Mount St. Helens Creation Center

The 2025 field season at the [Mount St. Helens Creation Center](http://www.mountsthelenscreationcenter.com) is heating up! Bookings are up for our day-long Field Adventures and it looks to be an extremely busy summer, thanks to God!

Greeters are needed at our Center in Castle Rock, and we depend on volunteers like you! Is God calling you to serve? Have you learned what a great tool lies in your backyard for

declaring biblical truth? We get young, old, Christian, non-Christian, scientist, lay-person, and wanderer at our Center!

Would you like to help for a day? Once a week? Once a month? We need you!

For information on volunteering, call (360) 274-5737 or email [info@mshcreationcenter.org](mailto:info@mshcreationcenter.org)

Billions of Years vs. Character of God

DSA President Mark Nelson recently spoke at a church on the subject of whether God's character is compatible with the supposed billions of years age of the universe? Aspects of God's character he considered were:

- 1) His **truthfulness**
- 2) His **omniscience**
- 3) His **goodness**
- 4) and His **power**.

An audio recording of the message is online at <https://www.gbfpdx.org/temp/20250427.mp3>
