

**Note: there is no meeting of DSA this month.** We generally take a break in August. Please watch for our next newsletter about the September 20 meeting.

In the meantime can you please help us get word out about the October Creation Conference?

**DSA can use your help in letting churches know of the October conference with Institute for Creation Research**

The [Institute for Creation Research](http://www.icr.org) is holding a creation conference in the Portland area and we need to get word out to local churches to let their congregations know about it!

ICR has produced very nice flyers and a video promoting the conference. Can you please ask your pastor or church elders to contact us at DSA for access to those materials?

They may email us at [info@designsciencenw.org](mailto:info@designsciencenw.org)

The conference is **Friday** evening **October 17** and all day **Saturday October**

**18** at **Southwest Bible Church** at [14605 SW Weir Road, Beaverton](#). More details along with registration (needed) for the conference are at <https://www.eventcreate.com/e/portland-creation/>

Thank you

~~~~~

## Also, volunteers are needed for the conference

ICR scientists and other speakers are coming from Dallas, Texas for the conference but DSA is providing the volunteers. **Your help is needed!** Please pray about in what role you may be able to serve:

**Greeter**

**Registration**

**Book Sales**

**Lunch/Snack Tables**

And then let us know by filling out a **response form** at [www.designsciencenw.org/volunteer](http://www.designsciencenw.org/volunteer) Additional times and details of the conference are on there too.

### In Memory of Milt Marcy

Longtime DSA member **Milt Marcy** has recently gone to be with the Lord. A memorial service is scheduled for 2 PM, Friday August 15, 2025, at Rivercrest Community Church, [3201 NE 148th Ave, Portland, OR 97230](#).

Milt was a businessman and owner of an insurance agency for the last 40+ years. He was an independent researcher of species thought to be extinct, including an actual sighting of a living pterodactyl in 2015. Milt worked in central Africa and Papua, New Guinea and is the author of **The Emperors Who Had No Clothes, Exposing the Hidden Roots of the Evolutionary Agenda**. That book was the subject of Milt's presentation to us at DSA in April, 2024 and we will miss him.

~~~~~

## Correction

A previous newsletter had an incorrect date for the next **Cascade Conifers Lab and Field Trip**. The correct date is Sept. 27. You may sign up for this and other Creation Encounter hikes from <https://www.creationencounter.com/tours>

---

### Coming up at our Sept 20 Meeting

Joel Thomas will be speaking

**Please note: DSA has no August meeting this year**

---
