This month, May 16th at 9:00 AM:

Dino Dave

What do ancient depictions of dinosaurians and soft tissue in dinosaur bones tell us about the co-existence of men and dinosaurs? This presentation dives into that question and more as we discover the truth about dinosaurs.

Dino Dave will cover:

- Biblical, historical, and scientific evidence related to the dinosaurs
- Real slides and footage from actual dinosaur hunting expeditions
- Insights that challenge conventional timelines and interpretations

This presentation is designed for audiences of all ages.

***Dino Dave (Woetzel)** has a passion for glorifying our Creator God. He is a published author, creation science speaker, and educator. His personal area of research involves the evidence that dinosaurs lived alongside man, just as the book of Genesis teaches. Dave has a Master's degree in biology and serves as President of [Genesis Park](#), where it is his goal to reclaim the dinosaurs to the glory of our awesome Creator. Dave lives in Concord, NH with his wife Gloria.

Our meeting starts at **9:00 AM Saturday, May 16** at Greater Portland Bible Church, 2374 SW Vermont St.

For those who cannot attend in person, the meeting will also be livestreamed from a link on our website at <https://designsciencenw.org/livestream>
