Mayville Community Schools is seeking a passionate and student-centered educator to join our 6–12 team for the upcoming school year. We are looking for candidates in Science, Mathematics, English Language Arts, and Special Education who are excited to be part of a school focused on innovation, collaboration, and meaningful learning.

### Why Join Our Team?

At Mayville Community Schools, we are building something special. With approximately 290 students in grades 6–12, our school offers a close-knit environment where educators can truly know their students and make a lasting impact.

We are in the early stages of an exciting transformation, including:

- **New Leadership, Fresh Vision:**
- Our building is supported by an all-new administrative team committed to collaboration, innovation, and supporting teachers in their professional growth.
- **Portrait of a Graduate:**
- Our district has recently developed a Portrait of a Graduate that defines the core competencies and skills we want every student to develop before leaving our schools. This work is guiding our instruction, culture, and long-term vision.
- **A Shift to Project-Based Learning (PBL):**
- We are prioritizing instructional practices that engage students in real-world problem solving, critical thinking, and authentic application of content. Our goal is to inspire both students and staff through meaningful, relevant learning experiences.
- **Strong MTSS Framework:**
- We are establishing Multi-Tiered System of Supports (MTSS) structures to ensure all students receive the academic, behavioral, and social-emotional support they need to succeed.
- **Nationally Recognized Opportunity:**
- We are proud to be one of only four schools in the nation selected to participate in the University of South Carolina's *Staying the Course* cohort for the 2026–27 school year. This initiative focuses on building ECHO networks to strengthen school behavioral health systems and support both students and staff.

### What We're Looking For:

We are seeking educators who:

- Are committed to building strong relationships with students
- Are open to innovative instructional practices, including PBL
- Value collaboration and continuous improvement
- Believe in supporting the whole child—academically, socially, and emotionally
- Are excited to contribute to a positive and evolving school culture

### Join Us

If you are looking to be part of a district that is forward-thinking, student-focused, and committed to meaningful change, and possess a valid Michigan teaching certificate, we encourage you to apply. Please send your cover letter, resume, and references to [jenna.tetil@mayvilleschools.org](mailto:jenna.tetil@mayvilleschools.org).

**Deadline: May 8<sup>th</sup> or until filled.**
