

Example Emails to College Coach:

EXAMPLE #1

Subject: Jane Doe, 2025 Graduate from Fayetteville, AR

Coach Soderling,

My name is Jane Doe. I am a 2025 graduate at Fayetteville High School in Fayetteville, AR. I am writing to you because I met you at the Exact ID Camp in Plano, Texas this summer in July and became interested in your program when you did the mental training session at the camp. I really liked what you said about the power of positivity because I personally am a pretty optimistic person and enjoy being around people that have a positive mindset. Upon looking into majors offered at Brescia University, I was pleased to find that the school of Education seemed good and that English and psychology majors were available since those are majors I am interested in.

I am a holding midfielder for both my club team, Bentonville FC Prodigy, and Fayetteville High School's Varsity Girls team. As a player, I am proud to have started every high school game last year as a freshman and to have made it to the Arkansas 6A girls high school state championship. I am also proud that my club team has won the Arkansas Club Soccer League two years in a row.

As a student, I have a 4.09 GPA and scored a 30 on the ACT. I have taken the PSAT and have not received scores yet, but I have not taken the SAT yet. I also scored a 5 on my AP Human Geography AP test last May and in Le Grand Concours French 1 contest, I was first in the state of Arkansas and third overall in the country.

I would like to invite you to my games in Raleigh, North Carolina on December second, third, and fourth. My club team, Bentonville FC Prodigy is playing in the Girls College showcase, where you are listed as an onsite coach. On December second, we play at 1:30 PM on field 1 at Smith Creek Park in Wake Forest, NC. On December third, we play at 3:20 PM on field 1 at NCSU Method Park in Raleigh, NC. On December fourth we play at 8:00 AM on field 13 at WRAL soccer park in Raleigh, NC. I am number 6 on my club team, but I may have tape on my jersey during this game due to the fact that we are taking a mixture of two teams to this event. I am including my profile and highlight video for you to view at your convenience. I hope to see you at a game next week.

Sincerely,

Jane Doe

Example #2

Hi coach Ray

My name is Marco Rotundo. I graduate high school in 2023, I am a goalkeeper. I play for South Florida Football Academy U-19 MLSNext and UPSL. I've seen how good your program is and I'd be honored to be part of it. It looks like an amazing environment to continue developing my skills as a soccer player as well as continue my studies. I will be in California this weekend for the MLSNext Fest. If it is possible for you and you're interested I would really appreciate it if you could come watch one of my games and maybe have a talk after the game and learn more about your program. Below is the time and address for the game, as well my highlights for last season and this one so far.

I hope to see you there!!
