Prout Funeral Home is owned
in its entirety by Robert J. Prout
and Margaret S. Prout.

Robert J. and Julia R. Prout.

Good communication between your family and our staff is important regarding all aspects of the funeral arrangements. In order for the services to be meaningful to you, we must know what your needs and/or preferences might be. Some families may want photographs on display or a memory table of personal belongings—others may prefer special music, poetry or readings—still others may prefer a simple, quiet time of meditation. Your needs may be more unique. Whatever your wishes, we are here to answer your questions, help carry out your directions and guide you through this difficult time.

Good communication with regard to the financial arrangements is also important. When we meet with you to plan the funeral, a discussion of costs will take place, including a review of this General Price List, which is a menu of the many services that we offer. As we go over the individual services that you select and their cost, we will make note of them on an itemized “Statement of Funeral Goods and Services Selected”. For your protection and in the best interest of all concerned, you will receive a copy of each of these forms at the end of our conference.

Please note that it is not our intention to appear inconsiderate by discussing finances at this time. On the contrary, we hope to alleviate confusion over costs and be able to answer any questions that you may have regarding how a charge relates to your funeral plans or the personal choices that you have made.

Professional, compassionate care from the Prout family . . . since 1924.

We accept cash, check, NJ Prepaid Funeral Trust accounts, insurance assignments, ACH transfers and most major credit cards including American Express, Visa, MasterCard and Discover. Please note that ACH wire transfers will be assessed a 1% convenience fee; credit card payments made on line will be assessed a 3.252% convenience fee; credit card payments made at the funeral home via the card reader will be assessed a 3.04% convenience fee.

ADDITIONAL EXPENSES

Arranging the funeral ceremony and committal often requires the funeral home to pay others on your behalf. We do not charge for this service. An example of the people who may expect payment in advance include the cemetery, church/synagogue or clergy. Often the timing of the funeral arrangements—hour, date, or holidays—may make it necessary for us to estimate what advances you want us to make on your behalf.

This list does not include prices for certain items that you may ask us to buy for you, such as cemetery or crematory services, flowers and newspaper notices. The prices for those items will be shown on your bill or the statement describing the funeral goods and services you selected.

We suggest that for the time of visitation and funeral someone remain in your home or a close neighbor maintain a watchful eye during your absence.

OUTER BURIAL CONTAINER PRICE LIST (VAULTS)

In most areas of the country, state or local law does not require that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a grave liner or a burial vault will satisfy these requirements.

If your plot is in a cemetery that requires a concrete container and you wish to be more sustainable, a simple grave liner with an open bottom will usually satisfy the cemetery requirements and allow you to become one with the earth.

NATURAL BURIALS AND GREEN FUNERALS

For those who live an environmentally sustainable life and prefer to leave the earth that way as well, a green funeral or natural burial may be the answer. A green funeral, or natural burial, ensures that you will return to the elements as naturally as possible. Interment can take place in a shroud, blanket, quilt or native biodegradable casket. No embalming. No manufactured caskets. No concrete vaults.

Irish Hill Road leading to Greensprings Cemetery.

Some families may prefer a home funeral or a ceremony closer to home; others will opt for a graveside celebration of life. Some local churches may be accommodating to green funerals, which may be another option for the funeral ceremony.

Prout Funeral Home is your 'natural' choice for green funerals in the North Jersey area. We have been recognized by the State of New Jersey as the 2007 *Clean Energy Small Business of the Year* for our use of solar electric and efforts in conservation education.

Robert Prout has been a voice for the environment for over thirty years, serving on the local Shade Tree Commission, state Conservation District and regional Scout ecology and camp committees.

We will work with you to customize a natural burial option to meet the individual needs of your family. Even if you already own an existing cemetery plot in a local cemetery, we can help you create a greener funeral service as a spiritually fulfilling alternative to the traditional funeral or cremation.

Steelmantown Cemetery.

We take care of your family, and the environment too.

The solar power installation at Prout Funeral Home helps us lessen our dependence on foreign sources of energy. Even more, it helps the community by saving resources and benefits our client families by allowing us to maintain lower service costs.

Come see how we've made the sun work for you.
