Baby BOP

The 1 - 2 yrs Parent/Tot program (Baby Bop) is designed with the specific needs of a 1-2 yr old Toddler in mind so we can Play and Learn!. Exploration and discovery through creative play help develop confident and happy children! We encourage children to try things out as they feel ready with the comfort of mom and then transition to the teacher as the session progresses. Fine and gross motor skills are developed along with social skill development through the use of music, tumbling, obstacle courses, dance, parachute play, bubbles and more! Baby Bop is the perfect transition for your child!
