<p>Your child's first dance class should be a special and magical experience, and we can't wait to make sure that it is! Young children naturally respond to music and movement and every child benefits from exposure to the arts. Your little one's eyes will light up as they walk out on to the dance floor for the first time. Nurturing teachers will guide your child as they learn body awareness, dance vocabulary and improve their coordination and gross motor skills. The life lessons that are taught in the studio go far beyond just dance steps. Your child will learn confidence, self-control, teamwork, and focus. From taking turns, to encouraging their classmates – the social interactions in dance class will help your child find success in all areas of life. Our "FIRST STEPS" Program is designed for ages 1-6 years old, with varied levels to meet your child's needs. Classes are available in ballet, tap, jazz, and hip hop. We offer recommendations for age groups for classes, but we know that each child is an individual. If you have any questions about the best fit for your child, we will help you find the perfect class.</p> <p style="text-align: center;">We're Ready When They Are!</p>											Dance Expression dance arts FALL 2026-27 SCHEDULE Classes begin Tuesday, Sept. 8, 2026
