My last newsletter

Beginning with the next edition Sam W3IHM will be taking over as editor. It has been fun but I have too many additional chores to take care of. I know Sam will do a great job.

Meeting Night

The SPARC monthly membership meeting is Tuesday, the 22nd at 7:00 PM. Meeting is being held at the Lancaster County Public Safety Training Center located at 101 Champ Road, Manheim. (Near the Nook) Program will be on the Linux operating system. Dan Stribrick will give a breif history of Linux followed by instructions on loading it into your computer.

900 MHz Coming

Sam's presentation at the February meeting sparked a lot of interest. Ryan, K3RDE is working on installing a 900 MHz repeater at SPARC. Stay tuned!

Emergency Communication (EMCOMM)

EMCOMM is an integral part of amateur radio and part of our mission as a club. This can be a vital service during emergencies. When all else fails, there is ham radio. Several avenues are available for participation including Lancaster County Emergency Management and Lancaster Amateur Radio Emergency Service (ARES). These two agencies provide training, meetings and exercises. Participants are a link between them and our club and can provide reports at our meetings. ARES holds nets on the first and third Tuesdays of the month on the N3FYI repeater, 145.310, PL 118.8 at 2030. Meetings are the third Thursday of the month at Lancaster Public Safety Training Center and by ZOOM at 1900. Anyone interested in joining either group can contact Peg Hamm, KB3SCA at peghamm@gmail.com or Doug Rice W3COB drice1972@gmail.com. **Doug will be presenting a program on ARES at the July meeting.**

License Test Sessions

Testing is conducted at the SPARC site on the first Tuesday of every month. Fee to take the exam is \$14.00 payable on the K3IR website or in person, cash or check only.

You can pre-register to take the technician test, or upgrade, at Hamstudy.org. There is also a link on the K3IR web site. If you do not already have one, go to fcc.gov and register for a FRN (Federal Registration Number).

Looking For Volunteers

SPARC currently has 131 “active” members on the roster. We have a lot to offer to our members. At this time we have a dedicated group of hardworking volunteers who keep the site running. Some say this is typical with most organizations. I don't think SPARC should be “typical” We need more real active members. Jobs range from the highly technical to the mundane but ALL are important. Please look at the list below and see if there is a place for you.
