Brent discussed a retaining wall along Olde Eight. He gave an alternative to this by moving the building back 10-15 feet to compensate for the parking lot drop-off on Olde Eight.

An existing well is to be capped and abandoned, existing storage buildings are to be demolished, and the Village will coordinate the relocation of a utility pole. Discussed an electric sign to be double-sided and added. Van accessible spots are to be provided on both sides of the building.
