

Forest Management Plans

A 10-year + forest management plan detailing recommendations to reach your goals.

SERVICE DETAILS

Heritage Habitat offers state-approved forest management plans that qualify landowners for tax benefits. Explore federal and state forest landowner programs, including Ohio's Forest Tax Law and Current Agricultural Use Value, and West Virginia's Managed Timberland Program and Stewardship Program.

Plans are geared towards the landowner's goals, along with the level of detail the landowner desires.

DELIVERABLES

Forest management plan

Typically a 150 page + document detailing your property and our recommendations.

Georeferenced maps

Providing landowner with all maps included in Plan that are also georeferenced and ready for mobile download and navigation.

Raw data

All relevant data provided to landowner.
