BEGONIA
Begonia x hybrida

iCandy™

Sugar-coated color.

- iCandy™ hybrid begonias feature large double flowers in vibrant, bright colors set against dark chocolate foliage.
- Ideal for quarts and larger pots, iCandy™ flourishes in part sun and shade, making it a great choice for adding color on porches and patios.
- Captivate retail shoppers with eye-catching hanging baskets that bring elegance to any outdoor space.

NEW

SUNFLOWER
Helianthus annuus

Sunfinity®

Endless Blooms. All Season Long.™

- The Sunfinity® Sunflower family has expanded into vegetative selections offering grower friendly, innovative varieties.
- Expect the Sunfinity® promise of unmatched garden performance with continual flowering and a high resistance to powdery mildew throughout the summer season.
- Vigorous plants with well-branched habits are versatile in both large patio containers and in ground.

Sunfinity® Single Yellow

NEW

DAHLIA
Dahlia x hybrida

Coffee Shop™

Dark-roast foliage, double-shot blooms.

- Dark foliage creates dramatic contrast in borders while complementing the rich, fully double blooms that hold their shape throughout the season.
- Strong garden performance with excellent powdery mildew resistance helps plants to look fresh and healthy from summer through fall frost.
- Perfect for patio pots, cutting gardens and landscape beds, these robust plants deliver continuous waves of café-inspired colors on strong stems above the striking dark foliage.

NEW

LANTANA
Lantana camara

Hot Blooded®

Red-Hot Attitude

- Red-hot attitude meets heat tolerance in the Hot Blooded® Lantana series, a powerhouse of bold orange-to-red blooms that thrive when temperatures climb.
- Sterile flower varieties ensure maximum flowering all season with exceptional garden vigor.
- Enjoy two great options: Hot Blooded® Red with its classic mounded habit or Hot Blooded® Mega Red featuring enhanced vigor and larger flowers.

Hot Blooded® Mega Red

IVY GERANIUM
Pelargonium interspecific

Caldera™

An eruption of color that beats the heat.

- Flower intensity and exceptional heat tolerance like Caliente® geraniums, but with a spreading habit.
- Caldera™ stands out all summer long with a striking combination of dark foliage paired with vibrant single flowers.
- A spreading habit makes Caldera™ a perfect choice for bold landscape plantings, baskets, and heat-tolerant mixed containers.

Caldera™ Pink Imp.

Pelargonium interspecific

Moxie!™

Interspecific, compact, and efficient.

- The only interspecific geranium series bred for intense color and space-efficient production in small pots.
- With a compact to medium vigor, Moxie!™ is the perfect series for maximizing pots per square foot.
- Moxie!™ combines grower efficiency with flowering like Calliope® geraniums, offering consumers lasting summer color.

Pretty Little™

Pretty little pop of color!

- Pretty Little™ showcases an abundance of bicolor flowers and vibrant color throughout the season.
- Interspecific breeding delivers the perfect combination of multibloom flowering, enhanced branching, and exceptional garden performance.
- Naturally compact and early to flower, Pretty Little™ excels in small container programs, making it the premium choice for branded jumbo packs and quart programs.

PETUNIA
Petunia hybrida

Itsy™

Small but mighty! Tough and tiny!

- With exceptional color coverage and good vigor, Itsy™ is a great option for both the landscape and containers.
- Tons of tiny flower blooms form a blanket of color providing undeniable retail appeal.
- With superior branching and a controlled habit, Itsy™ is sure to be a hit with growers and consumers alike.
