

OLYMPIC STEEL

Bettendorf, Iowa

6425 State Street
Bettendorf, IA 52722

PROCESSING CAPABILITIES

- Temper Mill**
- 14 ga - .5" Thick
 - 32" - 74" Width; 42" - 530" long
*over 600" with special handling

Burning

Alltra PG-14 10/12 Hydef Plasma

- Straight cut up to 1.5" carbon steel

Messer MG 4600 Plasma

- Straight cut up to 1.5" carbon steel
- Bevel up to 1"

ESAB Avenger 2 Oxyfuel

- Max thickness 6" carbon steel

Trumpf 5060 Laser

- Table size 72" x 240"
- Max thickness .787" carbon steel

Mitsubishi Fiber Laser 6030 XL-F

- 240" x 120" bed size
- High speed, heavy-duty motion system w/ pallet changer

Mitsubishi Fiber Laser 10 kW GX-F

- Table size 2m (78") x 4m (157")
- Cut through 1" thick carbon plate

Forming & Flattening

- Cincinnati 600 ton - 20' bed press brake
- Pacific 230 ton - 12' bed press brake
- Cincinnati 1000 ton - 16' bed press brake

Machining

Haas VF4 machining centers (2)

- 20" x 50" travel range; 40 taper
- 24 tool side mount tool changer

Haas VF8 machining center

- 50 taper

Finishing

Metcast M-4/96 - horizontal plate shotblasting

- .250" - 2.5" thick; 96" wide x 240" long

LS Industries - parts blaster

- 3" thick; 72" wide x 240" long

PRODUCTS

- Hot Rolled and P&O Carbon Coil, Sheet & Strip Mill Plate
- Hot Rolled Carbon Plate and Alloy Plate
- Armor and Ultra High Strength Plate, Heat Treat and Alloy Plate
- Cold Rolled Coil and Sheet
- Stainless Steel and Aluminum
