

OLYMPIC STEEL

Mt. Sterling, Kentucky

175 Clarence Drive
Mount Sterling, KY 40353

PROCESSING CAPABILITIES

Burning

- 5 MG multi-process equipment
- 6 Oxy alpha torches
- 7 Hi-def plasma torches
- 2 Hi-def plasma global rotator bevel head
- 12' x 53' down draft table

Laser Cutting

- **10,000 Watt Mitsubishi 4020GX-F100 Fiber**
 - 80" x 160" bed
 - Cuts up to 1" steel
- **(2) 6,000 watt Tanaka Lasers**
 - 16' x 66' bed
 - Cuts up to 3/4"

Forming

- Cincinnati 600 Ton - 20' bed press brake
- Pacific 230 ton - 12' bed press brake
- 750 ton LVD press - 16' bed

Machining

- Haas VF6 vertical machining center

Welding

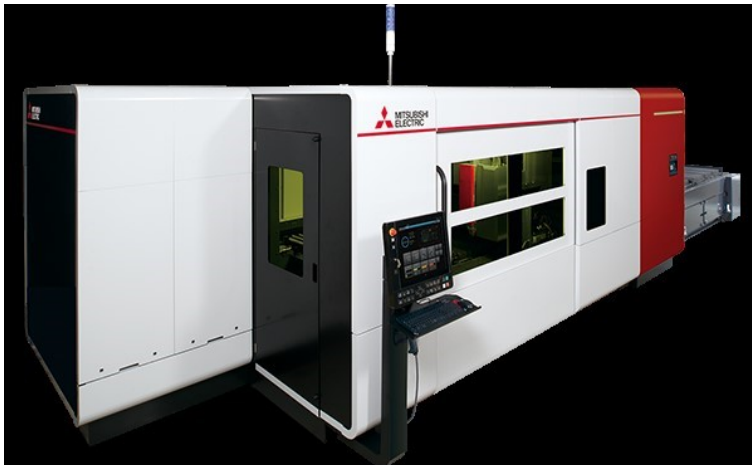

- 4 mig weld station
- Lincoln Electric Dual Arm Weld Robot with 13' Drop Center

Finishing

- Wheelabrator 6 wheel shotblaster
- Lissmac grinding / deburring machine - up to up to 3" plate thickness

PRODUCTS

- Hot Rolled Carbon Coil, Sheet & Plate
- Hot Rolled P&O Coil & Sheet
- Cold Rolled Carbon Coil & Sheet
- Coated Coil & Sheet
