

WHAT ALL STUDENTS EXPERIENCE

- Acting through song
- Using imagination to bring scenarios and performances to life (always led by our teachers)
- Physical and vocal warm-ups
- Characterisation training
- Corner work and across-the-floor technique
- Stretching
- Vocal pitch training: matching pitch to songs, working on individual notes and scales
- Breathing exercises and diaphragm awareness for safe singing
- Diction and facial warm-ups (great for singing and clear speech)
- Vocal projection techniques
- Theatre games and improvisation exercises
- Acting using devised scripts
- Exploring excerpts from musicals (stage and TV)

MUSICAL THEATRE FRAMEWORK

HOW OUR SESSIONS RUN

Every session is rooted in Musical Theatre Jazz, with drama and vocal skills woven in.

We often start with choreography, as many children find this helps them settle in and feel confident before adding singing and acting.

For our pre-school and preparatory groups, it's all about basic movement, storytelling, and getting used to following teacher-led activities in a relaxed, encouraging space.

OUR VALUES

At WHAM, our Musical Theatre Framework is all about building confidence, creativity, and a genuine love of performing – whether your child is just starting out or already loves the stage.

We keep things supportive, friendly, and inclusive, so every student feels comfortable to give things a go and enjoy learning new skills across singing, dancing, and acting.

FOR OUR YOUNGER STARS...
