

COMMITTEE CHARTER

Purpose

The primary purpose of the ACNL Nursing Research and EBP Committee is to support, encourage, and facilitate California nurse leaders' participation in research and evidence-based leadership activities.

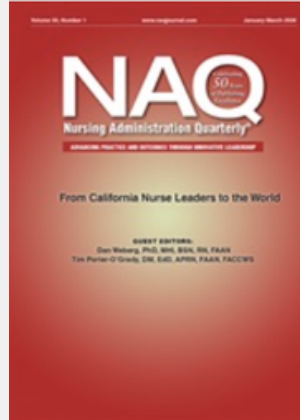

The Nursing Research and EBP Committee functions under the ACNL strategic focus to equip nurse leaders with evidence to lead self, others, and systems to achieve optimal outcomes.

ACNL'S NURSING RESEARCH AND EVIDENCE- BASED PRACTICE COMMITTEE

Supporting California nurse leader participation in research and evidence-based leadership activities.

WHAT WE'VE BEEN UP TO IN 2025...

- Conducting a study of the Foundations for Leadership (FLE) course evaluation, knowledge assessment, and application of learning
- Published NAQ invited manuscripts
- Developed two presentations for the 2026 annual program
- Created a repository of scholarly conferences as a resource for professional development- check it out on the [ACNL website](#)
- Planning for a professional development webinar- coming soon in 2026!

SCOPE OF ACTIVITIES

RESEARCH DEVELOPMENT

Contribute to new knowledge by participating in and/or providing consultation in the design, implementation, analysis, and publication of nursing leadership research that aligns with and supports the mission and goals of ACNL.

RESEARCH UTILIZATION

Support efforts to identify and integrate research findings that are sufficient and appropriate to apply to nursing leadership development/ practice and professional organization success.

RESEARCH EDUCATION

Develop educational programs on the generation and utilization of research and evidence-based leadership practice.

RESEARCH DISSEMINATION

Provide structures and processes for the dissemination of nursing research and other levels of evidence.

IN ALIGNMENT WITH ACNL'S VISION:
POSITIONING NURSE LEADERS TO CREATE AND INFLUENCE THE FUTURE OF HEALTHCARE
