F002314

FOR NON-RESIDENTIAL USE ONLY

Directions for Use:

Ferticell Pro Phos 0-20-0 will stay in
suspension for long periods of time in the
mixing tank with minimal agitation when
adding one part of Pro Phos 0-20-0 with 300
parts of water.

1-4 qt per acre per application

See TDS for specific rates and dilution

For best results apply as foliar or fertigation

Consult your PCA or Crop Consultant for
additional information about application
rates and timing.

Storage Information: Store in original
container in a cool, dry place away from
excessive moisture and heat. Reseal
container after each use.
