

Good News Center Second Grade

Update

Our second graders are in a special year of sacramental preparation as they get ready for First Reconciliation. Right now, our lessons are focused on God's creation, all the wonderful things He made for us, and how sin entered the world through original sin. But the heart of what we're learning is this: God never stopped loving us. He sent His Son, Jesus, to restore our friendship with Him. They are discovering that reconciliation isn't about punishment, instead it's about coming home to a God who is always ready to forgive. Please keep these little ones in your prayers as they prepare their hearts for this beautiful sacrament.

Ms Sara Toma and Ms Charlene Krupp
